65	Second Medical Opinion service

Mortgage protection

Our mortgage protection plans are designed for clients who need a policy which pays out a lump sum to help protect their mortgage if they were to die during the length of the policy. We offer the products below:

- Life Insurance (LI)
- Decreasing Life Insurance (DLI)
- Increasing Life Insurance (ILI)
- Life Insurance + Critical Illness (LI + CI)
- Decreasing Life Insurance + Critical Illness (DLI + CI)
- Increasing Life Insurance + Critical Illness (ILI + CI)
- Critical Illness (CI)
- Decreasing Critical Illness (DCI)
- Increasing Critical Illness (ICI)

Target market

Our life insurance plans are designed for clients who have an interest only mortgage and need a policy which pays out the same lump sum throughout the length of the policy, helping to protect their mortgage in the event of death, terminal illness (if life expectancy is less than 12 months) or critical illness (if chosen).

Our decreasing life insurance plans are designed for clients who have a repayment mortgage and need a policy which pays out a lump sum, which decreases roughly in line with

the way a repayment mortgage decreases, helping to protect their mortgage in the event of death, terminal illness (if life expectancy is less than 12 months), or critical illness (if chosen).

Our increasing life insurance plans are designed to protect your client's policy against inflation. Every year, we'll give the person covered the option to increase the amount they are insured for in line with any changes in the Retail Prices Index (RPI) without the need for further questions about your client's health. If this option is chosen, the premium will also increase.

The amount of cover will increase each year up to a maximum of 10%. The premium will increase each year up to a maximum of 15%. If changes to RPI are 1% or less, then both the premium and amount of cover will stay the same until the next review. The premium will increase at a different rate to the amount of cover because it is indexed in line with the change in RPI, multiplied by 1.5, which takes into account the fact that the likelihood of claiming increases as the older the person covered gets.

Risks

- The amount of cover and length of policy should be enough to cover the mortgage otherwise, it will not be fully protected.
- If decreasing life insurance is selected, the interest rate on the mortgage also needs to be considered. For example, if the interest rate on the mortgage rises above the interest rate applied to the policy, then the amount of cover may change and may not be enough to pay off the mortgage in full.

*Minimum age 17 years old, however the owner of the policy must be over the age of 18 years.

**Total and Permanent Disability will end when the oldest person covered reaches the policy end date, or 70th birthday, whichever is earlier.

Family protection

Our Family Protection Plans are designed for clients who wish to help protect a family financially. We offer the products below:

- Life Insurance (LI)
- Increasing Life Insurance (ILI)
- Life Insurance + Critical Illness (LI + CI)
- Increasing Life Insurance + Critical Illness (ILI + CI)
- Critical Illness (CI)
- Increasing Critical Illness (ICI)
- Family and Personal Income Plan (FPIP)
- Increasing Family and Personal Income Plan (IFPIP)
- Family and Personal Income Plan + Critical Illness (FPIP + CI)
- Increasing Family and Personal Income Plan + Critical Illness (IFPIP + CI)
- Family and Personal Income Plan Critical Illness (FPIP CI)
- Increasing Family and Personal Income Plan Critical Illness (IFPIP CI)
- Whole of Life Protection Plan (WOLPP)
- Income Protection Benefit (IPB)
- Increasing Income Protection Benefit (IIPB)
- Low Start Income Protection (LSIP)
- Increasing Low Start Income Protection (ILSIP)

Target market

Our Family Protection Plans are designed for clients who need a policy which provides a lump sum, helping to give financial support to their family in the event of death, terminal illness or critical illness (if chosen).

Our Family and Personal Income Plans are designed for clients who need a policy which provides a monthly benefit, helping to give financial support to cover the cost of everyday living expenses in the event of death, terminal illness or critical illness (if chosen).

Our Whole of Life Protection Plan is designed for clients who need a policy which provides a lump sum on their death. Helping to give financial support to their family, which could be used to help towards an expected Inheritance Tax bill – impacting their lifestyle and everyday living expenses, or it could be used for Business Protection.

Our Income Protection Benefit and Low Start Income Protection plans are designed for clients to help protect against the financial impact of incapacity on them or their family's lifestyle during the length of the policy. They are designed to pay a regular monthly benefit if they can't work due to incapacity caused by an illness or an injury and which results in a loss of earnings.

Our increasing life insurance plans are designed to protect your client's policy against inflation. Every year, we'll give the person covered the option to increase the amount they are insured for (or the monthly benefit for Family and Personal Income Plan and Income Protection Benefit), in line with any changes in the Retail Prices Index (RPI) without the need for further medical evidence. If this option is chosen, the premium will also increase.

The amount of cover will increase each year up to a maximum of 10%. For all plans except WOLPP the premium will increase each year up to a maximum of 15%. If changes to RPI are 1% or less, then both the premium and amount of cover will stay the same until the next review. The premium will increase at a different rate to the amount of cover because it is indexed in line with the change in RPI, multiplied by 1.5, which takes into account the fact that the likelihood of claiming increases as the older the person covered gets.

For WOLPP please refer to Increasing Cover option (WOLPP) section on page 53.

*Minimum age 17 years old, however the owner of the policy must be over the age of 18 years.

**Can be commuted as a lump sum at claim stage.

***Total and Permanent Disability will end when the oldest person covered reaches the policy end date, or 70th birthday, whichever is earlier.

NB: Your client can't take out income protection unless they have been registered with a doctor in the United Kingdom for at least the last two years.

Rental protection

Our Rental protection plans are designed for clients who wish to help protect their rental costs. We offer the products below:

- Rental Life Insurance (RLI)
- Increasing Rental Life Insurance (IRLI)
- Rental Life Insurance + Critical Illness Cover (RLI + CI)
- Increasing Rental Life Insurance + Critical Illness Cover (IRLI + CI)
- Rental Income Protection Benefit (RIPB)
- Increasing Rental Income Protection Benefit (IRIPB)

Target market

Our Rental Life Insurance plans are designed for clients who rent and need a policy which provides a monthly benefit, helping to give financial support to their family in the event of death or critical illness (if chosen).

Our Rental Income Protection Benefit plan is designed to pay out a monthly benefit for clients who rent and want to help protect against the financial impact of incapacity. It is designed to pay a regular monthly benefit if they can't work due to incapacity caused by an illness or injury which results in a loss of earnings.

Our increasing plans are designed to protect your client's policy against inflation. Every year, we'll give the person covered the option to increase the amount of the monthly benefit in line with the changes in the Retail Prices Index (RPI) without the need for further medical evidence. The premium will also increase.

The amount of cover will increase each year up to a maximum of 10%. The premium will increase each year up to a maximum of 15%. If changes to RPI are 1% or less, then both the premium and amount of cover will stay the same until the next review. The premium will increase at a different rate to the amount of cover because it is indexed in line with the change in RPI, multiplied by 1.5, which takes into account the fact that the likelihood of claiming increases the older the person covered gets.

Business protection

We offer the products below that are designed to help protect a business financially.

- Life Insurance (LI)
- Decreasing Life Insurance (DLI)
- Increasing Life Insurance (ILI)
- Life Insurance + Critical Illness (LI + CI)
- Decreasing Life Insurance + Critical Illness (DLI + CI)
- Increasing Life Insurance + Critical Illness (ILI + CI)
- Whole of Life Protection Plan (WOLPP)
- Executive Income Protection (EIP)
- Increasing Executive Income Protection (IEIP)
- Key Person Income Protection (KPIP)
- Increasing Key Person Income Protection (IKPIP)

Our Relevant Life Plans are designed for the business to provide life cover for its employees.

- Relevant Life Plan (RLP)
- Increasing Relevant Life Plan (IRLP)

Target market

Our life insurance plans are designed for clients who need a policy which provides a fixed lump sum to cover the loss of a key person, or to help purchase the shares owned by a director/partner, or to help cover an interest only business loan in the event of death, terminal illness or critical illness (if chosen).

Our decreasing life insurance plans are designed for clients who have a business loan and need a policy which pays out a lump sum, which decreases roughly in line with the way their business loan decreases, helping to protect their business in the event of death, terminal illness or critical illness (if chosen).

Our Business Whole of Life Protection Plan is designed for clients who need a policy which provides a lump sum on death to cover the loss of a key person from a business or to purchase the shares owned by a director/partner/member or to cover an interest only business loan.

Our Relevant Life Plans are designed for businesses that want to provide life cover for employees which could pay out a lump sum in the event of their death.

Our Executive Income Protection plans are designed for businesses to provide a regular monthly benefit which can be used to fund ongoing sick pay for an individual business owner or employee should they become sick or injured and unable to work.

Our Key Person Income Protection plans are designed for businesses to provide a regular monthly benefit to help protect against the financial impact of their key employee's incapacity on the business should they become sick or injured and unable to work.

Our increasing life insurance plans are designed to protect your client's policy against inflation. Every year, we'll give the person covered, or the policy owner for Relevant Life Plans, the option to increase the amount they are insured for in line with changes in the Retail Prices Index (RPI) without the need for further medical evidence. If this is chosen, the premium will also increase.

The amount of cover will increase each year up to a maximum of 10%. For all plans except WOLPP the premium will increase each year up to a maximum of 15%. If a change to RPI is less than 1%, then both the premium and amount of cover will stay the same until the next review. The premium will increase at a different rate to the amount of cover because it is indexed in line with the change in RPI, multiplied by 1.5, which takes into account the fact that the likelihood of claiming increases as the older the person covered gets. For WOLPP please refer to Indexation section on page 53.

*Minimum age 17 years old, however the owner of the policy must be over the age of 18 years.

**Total and Permanent Disability will end when the oldest person covered reaches the policy end date, or 70th birthday, whichever is earlier.

What's covered

Life Insurance

Overview

Life Insurance is designed to pay out a lump sum or a monthly benefit (depending on the product chosen) if the person covered dies. Except for the Whole of Life Plan.

We offer the following types of Life Insurance:

- **Life Insurance** – your client will need to choose the length of cover
- **Whole of Life Protection Plan** – your client will be covered for the whole of their life
- **Relevant Life Plan** – designed for the business as a benefit to the employee. It provides a lump sum to the employee's family, or financial dependants, if they die during the length of the policy whilst still employed.

What's not covered

We won't pay a claim:

- if within the first year of the policy, the death is caused by suicide or intentional and serious self-injury or an event where, in our reasonable opinion, the person covered took their own life;
- for any exclusion we have specified in their policy documents.

Considerations for Whole of Life Protection Plan only

Your client will need to consider the following:

- the premiums continue throughout the whole of the life of the person covered so they need to be sure they will be able to afford the premiums in the future (for example, after they retire). If they are unsure, then this policy is unlikely to be suitable for them
- if the product is taken out for a specific purpose, for example, Inheritance Tax planning, there is no guarantee it will meet the entirety of any future liability as the amount of cover is chosen at outset. Cover should be reviewed regularly to ensure it still meets the intended need.

Critical Illness Cover (CIC)

Overview

Critical Illness Cover is designed to pay out a lump sum or a monthly benefit (depending on the product chosen) if the person covered is diagnosed during the length of the policy with one of the critical illnesses listed in the section headed 'critical illnesses covered'.

What's not covered

We won't pay a claim if:

- the person covered has an illness that we either don't cover, or that doesn't meet our definition of a critical illness. For example, we don't cover some types of cancer
- within the first year of the policy, the death is caused by suicide or intentional and serious self-injury or an event where, in our reasonable opinion, the person covered took their own life
- we apply any other exclusions as specified in the policy documents.

Critical illnesses covered

Aorta graft surgery – requiring surgical replacement

The undergoing of surgery to the aorta with excision and surgical replacement of a portion of the aorta with a graft. The term aorta includes the thoracic and abdominal aorta but not its branches.

For the above definition, the following are not covered:

- any other surgical procedure, for example, the insertion of stents or endovascular repair.

Aplastic anaemia – categorised as very severe

A definite diagnosis of very severe aplastic anaemia by a consultant haematologist and evidenced by bone marrow histology. There must be permanent bone marrow failure with: anaemia, thrombocytopenia and an absolute neutrophil count of less than $0.2 \times 10^9/L$.

Bacterial meningitis – resulting in permanent symptoms

A definite diagnosis of bacterial meningitis by a hospital consultant resulting in permanent neurological deficit with persisting clinical symptoms.

Benign brain tumour – resulting in either specified treatment or permanent symptoms

A non-malignant tumour or cyst originating from the brain, cranial nerves or meninges within the skull, resulting in either: surgical removal, radiotherapy, chemotherapy or permanent neurological deficit with persisting clinical symptoms.

For the above definition, the following are not covered:

- tumours in the pituitary gland
- tumours originating from bone tissue
- angiomas and cholesteatoma.

Blindness – permanent and irreversible

Permanent and irreversible loss of sight to the extent that even when tested with the use of visual aids, vision is measured at 6/60 or worse in the better eye using a Snellen eye chart or visual field is reduced to 20 degrees or less of an arc, as measured by an ophthalmologist.

Brain injury due to trauma, anoxia or hypoxia – resulting in permanent symptoms

Death of brain tissue due to trauma or inadequate oxygen supply (anoxia or hypoxia) resulting in permanent neurological deficit with persisting clinical symptoms.

Critical illnesses covered continued

Cancer – excluding less advanced cases

Any malignant tumour positively diagnosed with histological confirmation and characterised by the uncontrolled growth of malignant cells and invasion of tissue.

The term malignant tumour includes leukaemia, sarcoma, pseudomyxoma peritonei, essential thrombocythaemia, polycythaemia vera, primary myelofibrosis, Merkel cell cancer and lymphoma except those that arise from and are confined to the skin (including cutaneous lymphomas and sarcomas).

For the above definition, the following are not covered:

- all cancers which are histologically classified as any of the following:
 - pre-malignant
 - cancer in situ
 - having either borderline malignancy, or
 - having low malignant potential.
- all tumours of the prostate unless histologically classified as having a Gleason score of 7 or above or having progressed to at least TNM classification cT2bN0M0 or pT2N0M0 following prostatectomy (removal of the prostate)
- all urothelial tumours unless histologically classified as having progressed to at least TNM classification T1N0M0
- malignant melanoma skin cancers that are confined to the epidermis (outer layer of skin)
- all cancers (other than malignant melanoma) that arise from or are confined to one or more of the epidermal, dermal, and subcutaneous tissue layers of the skin (including cutaneous lymphomas and sarcomas)
- all thyroid tumours unless histologically classified as having progressed to at least TNM classification T2N0M0
- neuroendocrine tumours without lymph node involvement or distant metastases unless classified as WHO Grade 2 or above
- gastrointestinal stromal tumours without lymph node involvement or distant metastases unless classified by either AFIP Miettinen and Lasota as having a moderate or high risk of progression, or as UICC/TNM8 stage II or above.

Cardiac arrest – with insertion of a defibrillator

Sudden loss of heart function with interruption of blood circulation around the body resulting in unconsciousness, requiring resuscitation and resulting in either of the following devices being surgically implanted:

- Implantable Cardioverter-Defibrillator (ICD), or
- Cardiac Resynchronisation Therapy with Defibrillator (CRT-D).

For the above definition, the following are not covered:

- insertion of a pacemaker
- insertion of a defibrillator without cardiac arrest.

Cardiomyopathy – of specified severity or resulting in specified treatment

A definite diagnosis of cardiomyopathy by a consultant cardiologist. There must be clinical impairment of heart function resulting in at least one of the following:

- permanent and irreversible ejection fraction of 39% or less
- permanent loss of ability to perform physical activities to at least Class 3 of the New York Heart Association classifications of functional capacity*, or
- Implantable Cardioverter-Defibrillator (ICD).

For the above definition, the following are not covered:

- cardiomyopathy secondary to alcohol or drug intake
- all other forms of heart disease, heart enlargement and myocarditis.

*NYHA Class 3. Heart disease resulting in marked limitation of physical activities where less than ordinary activity causes fatigue, palpitation, breathlessness or chest pain.

Critical illnesses covered continued

Coma – of specified severity

A state of unconsciousness with no reaction to external stimuli or internal needs which requires the use of life support systems for a period of 96 hours.

For the above definition, the following are not covered:

- medically induced coma, or
- coma secondary to alcohol or drug intake.

Creutzfeldt-Jakob Disease (CJD)

A definite diagnosis of Creutzfeldt-Jakob disease made by a consultant neurologist.

Deafness – permanent and irreversible

Permanent and irreversible loss of hearing to the extent that the loss is greater than 70 decibels across all frequencies in the better ear using a pure tone audiogram.

Dementia including Alzheimer's disease – of specified severity.

A definite diagnosis of Dementia, including Alzheimer's disease by a consultant geriatrician, neurologist, neuropsychologist or neuropsychiatrist supported by evidence including neuropsychometric testing.

There must be permanent cognitive dysfunction with progressive deterioration in the ability to do all of the following:

- remember
- reason, and
- to perceive, understand, express and give effect to ideas.

For the above definition, the following are not covered:

- Mild Cognitive Impairment (MCI).

Encephalitis – resulting in permanent symptoms

A definite diagnosis of encephalitis by a consultant neurologist resulting in permanent neurological deficit with persisting clinical symptoms.

Critical illnesses covered continued

Heart attack – of specified severity

A definite diagnosis of acute myocardial infarction with death of heart tissue as evidenced by all of the following:

- new characteristic electrocardiographic changes or new diagnostic imaging changes, and
- the characteristic rise of biochemical cardiac specific markers such as troponins or enzymes.

The evidence must show a definite acute myocardial infarction.

For the above definition, the following are not covered:

- myocardial injury without infarction
- angina without myocardial infarction

Heart valve replacement or repair – with surgery

The undergoing of surgery on the advice of a consultant cardiologist to replace or repair one or more heart valves.

Kidney failure – requiring permanent dialysis

Chronic and end stage failure of both kidneys to function, as a result of which regular dialysis is permanently required.

Liver failure – of advanced stage

Liver failure due to cirrhosis and resulting in all of the following:

- permanent jaundice
- ascites
- encephalopathy.

Loss of use of hand or foot

Permanent loss of the use of a hand or foot due to physical severance above the wrist or ankle joint or total and irreversible loss of muscle function.

Loss of speech – total permanent and irreversible

Total permanent and irreversible loss of the ability to speak as a result of physical injury or disease.

Major organ transplant

The undergoing as a recipient of a transplant from another donor, animal, insertion of an artificial device, or inclusion on an official UK, Channel Islands or Isle of Man waiting list for any of the following:

- transplant of a bone marrow
- transplant of a complete heart, kidney, lung, pancreas, liver, or
- transplant of a lobe of liver or lung, or
- haematopoietic stem cells preceded by total bone marrow ablation.

For the above definition, the following are not covered:

- transplant of any other organs, parts of organs, tissues or cells.

Critical illnesses covered continued

Motor neurone disease – resulting in permanent symptoms

A definite diagnosis of one of the following motor neurone diseases by a consultant neurologist.

- Amyotrophic Lateral Sclerosis (ALS)
- Primary Lateral Sclerosis (PLS)
- Progressive Bulbar Palsy (PBP)
- Progressive Muscular Atrophy (PMA)
- Kennedy’s disease, also known as Spinal and Bulbar Muscular Atrophy (SBMA), or
- Spinal Muscular Atrophy (SMA)

There must also be permanent clinical impairment of motor function.

Multiple sclerosis – where there have been symptoms

A definite diagnosis of multiple sclerosis by a consultant neurologist. There must have been clinical impairment of motor or sensory function, caused by multiple sclerosis.

Parkinson’s disease – resulting in permanent symptoms

A definite diagnosis of Parkinson’s disease by a consultant neurologist or consultant geriatrician. There must be permanent clinical impairment of motor function with associated tremor and muscle rigidity.

For the above definition, the following are not covered:

- other Parkinsonian syndromes/Parkinsonism.

Pulmonary hypertension – of specified severity

A definite diagnosis of pulmonary hypertension. There must be clinical impairment of heart function resulting in the permanent loss of ability to perform physical activities to at least Class 3 of the New York Heart Association’s classifications of functional capacity*.

* NYHA Class 3. Heart disease resulting in marked limitation of physical activities where less than ordinary activity causes fatigue, palpitation, breathlessness or chest pain.

Respiratory failure – of advanced stage

Advanced stage emphysema or other chronic lung disease, resulting in all of the following:

- the need for regular oxygen treatment on a permanent basis, and
- the permanent impairment of lung function tests as follows:
Forced Vital Capacity (FVC) and Forced Expiratory Volume at 1 second (FEV1) being less than 50% of normal.

Specified heart surgery

Heart surgery to divide the breastbone (median sternotomy) or thoracotomy on the advice of a consultant cardiologist to either:

- correct narrowing or blockage of one or more coronary arteries with bypass grafts
- correct any structural abnormality of the heart.

Spinal stroke – resulting in symptoms lasting at least 24 hours

Death of spinal cord tissue due to inadequate blood supply or haemorrhage within the spinal canal resulting in neurological deficit with persisting clinical symptoms lasting at least 24 hours.

Critical illnesses covered continued

Stroke – resulting in symptoms lasting at least 24 hours

Death of brain tissue due to inadequate blood supply or haemorrhage within the skull resulting in neurological deficit with persisting clinical symptoms lasting at least 24 hours.

For the above definition, the following are not covered:

- transient ischaemic attack
- death of tissue of the optic nerve or retina/eye stroke.

Systemic Lupus Erythematosus – with severe complications

A definite diagnosis of Systemic Lupus Erythematosus by a consultant rheumatologist resulting in either of the following:

- permanent neurological deficit with persisting clinical symptoms, or
- the permanent impairment of kidney function tests as follows:
Glomerular Filtration Rate (GFR) below 30 ml/min.

Third degree burns – covering 20% of the surface area of the body or 20% of the face or head

Burns that involve damage or destruction of the skin to its full depth through to the underlying tissue and covering at least 20% of the body's surface area or covering 20% of the area of the face or head.

Total and Permanent Disability (own occupation) – unable to do their own occupation ever again

Loss of the physical or mental ability through an illness or injury to the extent that the person covered is unable to do the material and substantial duties of their own occupation ever again. The material and substantial duties are those that are normally required for, and/or form a significant and integral part of, the performance of the own occupation that can't reasonably be omitted or modified.

Own occupation means your client's trade, profession or type of work they do for profit or pay. It is not a specific job with any particular employer and is irrespective of location and availability.

The relevant specialists must reasonably expect that the disability will last throughout life with no prospect of improvement, irrespective of when the cover ends or the person covered expects to retire.

For the above definition, disabilities for which the relevant specialists cannot give a clear prognosis are not covered.

Total and Permanent Disability will end when the oldest person covered reaches the policy end date, or 70th birthday, whichever is earlier.

Critical illnesses covered continued

Total and Permanent Disability (specified work tasks) – unable to do three specified work tasks ever again

Loss of the physical ability through an illness or injury to do at least three of the six work tasks listed below ever again.

The relevant specialists must reasonably expect that the disability will last throughout life with no prospect of improvement, irrespective of when the cover ends or the person covered expects to retire.

The person covered must need the help or supervision of another person and be unable to perform the task on their own, even with the use of special equipment routinely available to help and having taken any appropriate prescribed medication.

The Specified Work Tasks are:

Walking – the ability to walk more than 200 metres on a level surface.

Climbing – the ability to climb up a flight of 12 stairs and down again, using the handrail if needed.

Lifting – the ability to pick up an object weighing 2kg at table height and hold for 60 seconds before replacing the object on the table.

Bending – the ability to bend or kneel to touch the floor and straighten up again.

Getting in and out of a car – the ability to get into a standard saloon car, and out again.

Writing – the manual dexterity to write legibly using a pen or pencil, or type using a desktop personal computer keyboard.

For the above definition, disabilities for which relevant specialists cannot give a clear prognosis are not covered.

Total and Permanent Disability will end when the oldest person covered reaches the policy end date, or 70th birthday, whichever is earlier.

Irreversible

Cannot be reasonably improved upon by medical treatment and/or surgical procedures used by the National Health Service in the UK at the time of the claim.

Permanent

Expected to last throughout life with no prospect of improvement, irrespective of when the cover ends or the person covered expects to retire.

Surgical treatment

We will make an advance payment of the amount of cover, if the life insured is placed on an NHS waiting list for one of the following surgical treatments and meets the full definition:

- **aorta graft surgery** – requiring surgical replacement
- **heart valve replacement or repair** – with surgery
- **specified heart surgery**

Full definitions for these surgical treatments are detailed in the Policy Booklet.

Additional cover on Critical Illness Cover

Carcinoma in situ of the breast – treated by surgery

We will pay the lower of:

- 25% of the amount of cover, or
- £25,000.

If Decreasing Life Insurance is chosen the amount payable will be the lower of:

- 25% of the decreasing amount of cover at the time our definition is met, or
- £25,000.

For Family and Personal Income Plan we'll pay the lower of:

- 25% of the chosen monthly benefit times the remaining length of the policy, or
- £25,000

if the person covered, or for a joint life plan the first of the lives covered, or a relevant child meets the following definition:

The undergoing of surgery on the advice of the hospital consultant to remove a tumour following the diagnosis of carcinoma in situ of the breast.

For the above definition, the following is not covered:

- any other type of treatment.

Only one claim per policy can be made.

If a joint life policy is chosen, both lives insured will be able to claim.

Low grade prostate cancer – requiring treatment

We will pay the lower of:

- 25% of the amount of cover, or
- £25,000.

If Decreasing Life Insurance is chosen, the amount payable will be the lower of:

- 25% of the decreasing amount of cover at the time our definition is met, or
- £25,000.

For Family and Personal Income Plan, we'll pay the lower of:

- 25% of the chosen monthly benefit times the remaining length of the policy, or
- £25,000.

if the person covered, or for a joint life plan the first of the lives covered, or a relevant child meets the following definition:

The undergoing of treatment on the advice of a hospital consultant following diagnosis of a malignant tumour of the prostate positively diagnosed and having a Gleason score of between 2 and 6 inclusive and has progressed to at least clinical TNM classification T1N0M0.

For the above definition, the following are not covered:

- Prostatic Intraepithelial Neoplasia (PIN)
- observation or surveillance, or
- surgical biopsy.

A claim made for carcinoma in situ of the breast or low grade prostate cancer will not affect premiums or the amount of cover on the policy, meaning that full cover is still intact in the case of another critical illness. A payment under additional cover helps to ensure that there is some financial protection against the impact these illnesses have on lifestyle.

Critical Illness Extra (CIX)

If Critical Illness Extra is chosen, the following critical illnesses will be covered, in addition to those listed under the heading 'Critical illnesses covered'.

Critical illnesses covered under Critical Illness Extra

Benign spinal cord tumour – resulting in either specified treatment or permanent symptoms

A non-malignant tumour or cyst originating from the spinal cord, spinal nerves or meninges within the spinal canal, resulting in either:

- surgical removal
- radiotherapy
- chemotherapy, or
- permanent neurological deficit with persisting clinical symptoms.

For the above definition, the following are not covered:

- angiomas
- granulomas
- haematomas, or
- osteophytes.

Cancer – excluding less advanced cases

Any malignant tumour positively diagnosed with histological confirmation and characterised by the uncontrolled growth of malignant cells and invasion of tissue.

The term malignant tumour includes leukaemia, sarcoma, pseudomyxoma peritonei, essential thrombocythaemia, polycythaemia vera, primary myelofibrosis, Merkel cell cancer and lymphoma except those that arise from and are confined to the skin (including cutaneous lymphomas and sarcomas).

For the above definition, the following are not covered:

- All cancers which are histologically classified as any of the following:
 - pre-malignant;
 - cancer in situ;
 - having either borderline malignancy; or
 - having low malignant potential.
- All tumours of the prostate unless histologically classified as having a Gleason score of 7 or above or having progressed to at least TNM classification cT2bN0M0 or pT2N0M0 following prostatectomy (removal of the prostate).
- All urothelial tumours unless histologically classified as having progressed to at least TNM classification T1N0M0.
- Malignant melanoma skin cancers that are confined to the epidermis (outer layer of skin).
- All cancers (other than malignant melanoma) that arise from or are confined to one or more of the epidermal, dermal, and subcutaneous tissue layers of the skin.
- Cutaneous lymphomas unless progressed to at least TNM classification T3N0M0 or Stage IIB.
- Cutaneous sarcomas unless dermatofibrosarcoma protuberans with fibrosarcomatous changes (DFSP-FS).
- Neuroendocrine tumours without lymph node involvement or distant metastases unless classified as WHO Grade 2 or above.
- Gastrointestinal stromal tumours without lymph node involvement or distant metastases unless classified by either AFIP/Miettinen and Lasota as having a moderate or high risk of progression, or as UICC/TNM8 stage II or above.

Cauda equina syndrome – resulting in permanent symptoms

A definite diagnosis of cauda equina syndrome (compression of the lumbosacral nerve roots) by a consultant neurologist resulting in all of the following:

- permanent bladder dysfunction, and
- permanent weakness and loss of sensation in the leg.

Heart failure – of specified severity

A definite diagnosis of failure of the heart to function as a pump by a consultant cardiologist which is evidenced by all of the following:

- permanent and irreversible ejection fraction of 39% or less, and
- permanent loss of ability to perform physical activities to at least Class 3 of the New York Heart Association classifications of functional capacity*.

*NYHA Class 3. Heart disease resulting in marked limitation of physical activities where less than ordinary activity causes fatigue, palpitation, breathlessness or chest pain.

Intensive care – requiring mechanical ventilation for seven days

Sickness or injury resulting in continuous mechanical ventilation by means of tracheal intubation for seven consecutive days (24 hours per day) or more in an intensive care unit in a UK hospital.

For the above definition, the following is not covered:

- sickness or injury resulting in mechanical ventilation secondary to alcohol or drug intake.

Interstitial lung disease – of specified severity

A definite diagnosis of interstitial lung disease resulting in all of the following:

- radiological evidence of pulmonary fibrosis, and
- permanent and irreversible DLCO (diffusing capacity of the lung for carbon monoxide) below 40% of predicted.

Myasthenia gravis – with specified symptoms

A definite diagnosis of myasthenia gravis by a consultant neurologist. There must have been clinical impairment of motor function in parts of the body other than the eye muscles caused by myasthenia gravis.

For the above definition, the following is not covered:

- myasthenia gravis limited to eye muscles only.

Necrotising fasciitis

The undergoing of surgery to treat life threatening necrotising fasciitis or gas gangrene to remove necrotic tissue and intravenous antibiotic treatment to prevent immediate death.

For the above definition, the following are not covered:

- all other forms of gangrene or cellulitis.

Neuromyelitis optica (formerly Devic's disease) – where there have been symptoms

A definite diagnosis of neuromyelitis optica by a consultant neurologist. There must have been clinical impairment of motor or sensory function caused by neuromyelitis optica.

Parkinson's plus syndromes – resulting in permanent symptoms

A definite diagnosis of one of the following Parkinson's plus syndromes by a consultant neurologist:

- multiple system atrophy
- progressive supranuclear palsy
- parkinsonism-dementia-amyotrophic lateral sclerosis complex
- diffuse Lewy body disease, or
- corticobasal ganglionic degeneration.

There must also be permanent clinical impairment of at least one of the following:

- motor function
- eye movement disorder
- postural instability or dementia.

Peripheral vascular disease – requiring bypass surgery

A definite diagnosis of peripheral vascular disease by a consultant cardiologist or vascular surgeon with objective evidence from imaging of obstruction in the arteries requiring bypass graft surgery to an artery of the legs.

Primary sclerosing cholangitis

A definite diagnosis of primary sclerosing cholangitis as evidenced by imaging confirmation of typical multifocal formation of bile duct strictures and dilation of intrahepatic and/or extrahepatic bile ducts.

The following are not covered:

- all other causes of bile duct stricture formation and dilation.

Pulmonary artery surgery – requiring surgical replacement

The undergoing of surgery to the pulmonary artery, on the advice of a consultant cardiologist, with excision and surgical replacement of a portion of the pulmonary artery with a graft.

Removal of an entire lung – due to an injury or disease

The undergoing of surgery to remove an entire lung as a result of injury or disease.

For the above definition, the following are not covered:

- other forms of surgery to the lungs including removal of a lobe.

Removal of an eyeball – due to an injury or disease

Surgical removal of an eyeball as a result of injury or disease.

For the above definition, the following are not covered:

- self-inflicted injuries.

Severe bowel disease – treated with two surgical intestinal resections or removal of entire large bowel

A definite diagnosis of bowel disease by a consultant gastroenterologist resulting in either:

- surgical intestinal resection to remove part of the small intestine or bowel on at least two separate occasions; or
- removal of entire large bowel (total colectomy).

The following are not covered:

- local excision and polypectomy

Severe mental illness – of specified type and severity

A definite diagnosis by a consultant psychiatrist of any of the following:

- bipolar affective disorder;
- schizophrenia;
- schizo-affective disorder;
- delusional disorder;
- post-partum psychosis;

which has resulted in all of the following:

- being under the care of a psychiatrist, psychiatric nurse, community mental health team or approved social worker;
- chronic symptoms lasting at least a year or requiring continuous therapy or medication to control; and
- being admitted to a psychiatric ward for at least 14 consecutive nights, or requiring continuous home care by the Crisis Resolution and Home Treatment Team for 14 consecutive days, requiring at least 2 visits per day.

For the above definition, the following are not covered:

- any conditions caused by, or exacerbated by, the misuse of alcohol or drugs

Syringomyelia or syringobulbia – with surgery

The undergoing of surgery to treat a syrinx in the spinal cord or brain stem.

Surgical treatment

We will make an advance payment of the cover amount if the life insured is placed on an NHS waiting list for one of the following surgical treatments and meets the full definition:

- aorta graft surgery – requiring surgical replacement
- heart valve replacement or repair – with surgery
- peripheral vascular disease – requiring bypass surgery
- pulmonary artery surgery – requiring surgical replacement
- severe bowel disease - treated with two surgical intestinal resections or removal of entire large bowel
- specified heart surgery
- syringomyelia or syringobulbia – with surgery

Full definitions for these surgical treatments are detailed in the Policy Booklet.

Additional cover for Critical Illness Extra

If Critical Illness Extra is chosen, the following critical illnesses will be included automatically.

We will pay the lower of:

- £35,000,
- 50% of the amount of cover, or
- £35,000 or 50% of the decreasing amount of cover at the time our definition is met (if decreasing cover is chosen).

We will not pay a claim under additional cover where more than one diagnosis is made within the same period of investigation or treatment and your client is eligible for payment of full cover for a critical illness.

If your client has an illness covered by additional cover, it must be verified by a medical specialist who holds an appointment as a consultant at a hospital in the UK and whose specialism we reasonably consider is appropriate to the illness.

If a joint life policy is chosen, both lives insured will be able to claim for each definition.

Aortic aneurysm – with endovascular repair

The undergoing of endovascular repair of an aneurysm of the thoracic or abdominal aorta with a graft.

For the above definition, the following are not covered:

- procedures to any branches of the thoracic or abdominal aorta.

Aplastic anaemia – categorised as severe

A definite diagnosis of severe aplastic anaemia by a consultant haematologist and evidenced by bone marrow histology.

There must be an absolute neutrophil count of less than $0.5 \times 10^9/L$ and at least one of the following:

- a platelet count of less than $20 \times 10^9/L$
- a reticulocyte count of less than $20 \times 10^9/L$.

Bowel disease - treated with intestinal resection

A definite diagnosis of bowel disease by a consultant gastroenterologist, treated with one surgical intestinal resection to remove part of the small intestine or bowel.

The following are not covered:

- local excision and polypectomy

Brain abscess drained via craniotomy

The undergoing of craniotomy to drain an intracerebral abscess within the brain tissue by a consultant neurosurgeon.

Carotid artery stenosis – of specified severity resulting in surgery

The undergoing of endarterectomy or angioplasty on the advice of a hospital consultant to treat narrowing of at least 50% of the carotid artery.

Central retinal artery or vein occlusion – resulting in permanent symptoms

Death of optic nerve or retinal tissue due to inadequate blood supply or haemorrhage within the central retinal artery or vein, resulting in permanent visual impairment of the affected eye.

For the above definition, the following are not covered:

- occlusion or haemorrhage of the branches of the retinal artery or vein only, or
- traumatic injury to tissue of the optic nerve or retina.

Cerebral or spinal aneurysm – with specified treatment

The undergoing of craniotomy, direct spinal surgery, endovascular repair or radiotherapy to treat a cerebral or spinal aneurysm.

Cerebral or spinal arteriovenous malformation – with specified treatment

The undergoing of craniotomy, direct spinal surgery, endovascular repair or radiotherapy to treat a cerebral or spinal arteriovenous fistula or malformation.

Coronary angioplasty

The undergoing of percutaneous coronary intervention (PCI) to correct narrowing or blockages of either:

- two or more main coronary arteries, or
- the left main stem artery.

The main coronary arteries for this purpose are defined as right coronary artery, left main stem, left anterior descending artery, and circumflex artery, or their branches. Multiple arteries must be treated at the same time or as part of a planned staged procedure within 60 days of the first PCI. PCI is defined as any therapeutic intra-arterial catheter procedure including balloon angioplasty and/or stenting.

The following are not covered:

- angiography; and
- two procedures to a single main artery or branches of the same.

Desmoid type fibromatosis – with specified treatment

A positive diagnosis with histological confirmation of non-malignant aggressive fibromatosis by a hospital consultant resulting in either:

- surgical removal
- radiotherapy, or
- chemotherapy.

Diabetes mellitus type 1 – requiring specified treatment

A definite diagnosis of type 1 diabetes mellitus, requiring the permanent use of insulin injections.

The following are not covered:

- gestational diabetes
- type 2 diabetes (including type 2 diabetes treated with insulin).

Drug resistant epilepsy – requiring specified surgery

The undergoing of any of the following in order to control epilepsy that cannot be controlled by oral medication:

- invasive surgery to the brain tissue, or
- implantation under the skin of a stimulator, which is connected to the vagus nerve.

Guillain-Barre syndrome – with persisting clinical symptoms

A definite diagnosis of Guillain-Barre syndrome by a consultant neurologist. There must be ongoing clinical impairment of motor or sensory function caused by Guillain-Barre syndrome which must have persisted for a continuous period of at least six months.

Infective endocarditis

A definite diagnosis by a consultant cardiologist of infective endocarditis.

Less advanced cancer – of named sites and specified severity

There must be a positive diagnosis with histological confirmation for any of the following:

Carcinoma in situ of the breast – treated by surgery

The undergoing of surgery on the advice of a hospital consultant to remove a tumour following the diagnosis of carcinoma in situ of the breast.

For the above definition, the following is not covered:

- any other type of treatment.

continued on following page

Less advanced cancer – of named sites and specified severity *(continued)*

There must be a positive diagnosis with histological confirmation for any of the following:

Cervix – treated by surgery

The undergoing of surgery on the advice of a hospital consultant to remove the cervix (trachelectomy) or hysterectomy on the advice of a hospital consultant following the diagnosis of carcinoma in situ of the cervix.

For the above definition, the following are not covered:

- loop excision
- laser surgery
- conisation and cryosurgery, or
- cervical intraepithelial neoplasia (CIN) grade 1 or 2.

Larynx – with specified treatment

The undergoing of surgery, laser treatment or radiotherapy on the advice of a hospital consultant to remove a tumour following the diagnosis of carcinoma in situ of the larynx.

Low grade prostate cancer – requiring treatment

The undergoing of treatment on the advice of a hospital consultant following diagnosis of a malignant tumour of the prostate positively diagnosed and having a Gleason score of between 2 and 6 inclusive and has progressed to at least clinical TNM classification T1N0M0.

For the above definition, the following are not covered:

- Prostatic Intraepithelial Neoplasia (PIN)
- observation or surveillance, or
- surgical biopsy.

Ovary – treated by surgery

The undergoing of surgery on the advice of a hospital consultant to remove an ovary following the diagnosis of ovarian tumour of borderline malignancy/low malignant potential.

For the above definition, the following is not covered:

- removal of an ovary due to a cyst.

Renal pelvis (of the kidney) or ureter – of specified severity

A positive diagnosis on the advice of a hospital consultant of carcinoma in situ of the renal pelvis or ureter.

Urinary bladder – of specified severity

A positive diagnosis of carcinoma in situ of the urinary bladder.

For the above definition, the following are not covered:

- non-invasive papillary carcinoma
- TNM classification stage Ta bladder cancer.

Uterus – treated by surgery

The undergoing of hysterectomy on the advice of your hospital consultant following the diagnosis of carcinoma in situ of the lining of the uterus (endometrium).

You can make more than one claim for less advanced cancer. However, once we've accepted a claim, the life insured will no longer be covered for that less advanced cancer of the same site and severity against this or any other definitions under this policy. If a joint life policy is chosen, both lives insured can claim.

Less advanced cancer of the skin – of specified type and severity.

Non-melanoma skin cancer diagnosed with histological confirmation that the tumour is larger than 2 centimetres across and has at least one of the following features:

- tumour thickness of at least 4 millimetres (or any tumour thickness for squamous cell carcinoma)
- invasion into subcutaneous tissue
- invasion into nerves in the skin (perineural invasion)
- poorly differentiated or undifferentiated (cells are very abnormal as demonstrated when seen under a microscope); or
- has recurred despite previous treatments

For the above definition the following is not covered:

- Melanoma skin cancer

Other cancer in situ or neuroendocrine tumour (NET) of low malignant potential – with surgery

The undergoing of surgery on the advice of a hospital consultant to remove the tumour following the diagnosis of cancer in situ, or neuroendocrine with histological confirmation and characterised by the uncontrolled growth of malignant cells that are confined to the epithelial lining of the organs.

For the above definition the following are not covered:

- any skin cancer (including melanoma)
- tumours treated with radiotherapy, laser therapy, cryotherapy or diathermy treatment.

Non-invasive gastro intestinal stromal tumour

A positive diagnosis with histological confirmation of non-invasive gastrointestinal stromal tumour by a hospital consultant.

Permanent pacemaker or ICD insertion – for heartbeat abnormalities

A definite diagnosis of an abnormal rhythm of heartbeat by a consultant cardiologist resulting in the insertion of an artificial pacemaker or implantable cardioverter defibrillator (ICD) on a permanent basis.

Pituitary gland tumour – with specified treatment or resulting in permanent symptoms

A non-malignant tumour originating from the pituitary gland resulting in either:

- surgical removal
- radiotherapy
- chemotherapy, or
- permanent neurological deficit with persisting clinical symptoms.

For the above definition, the following are not covered:

- tumours originating from bone tissue, or
- angiomas and cholesteatoma.

Removal of one or more lobe(s) of a lung – due to injury or disease

The undergoing of surgery to remove one or more lobe(s) of the lung as a result of injury or disease.

Removal of urinary bladder – due to injury or disease

The undergoing of surgery to remove the urinary bladder (total cystectomy) due to injury or disease.

Significant visual loss – permanent and irreversible

Permanent and irreversible loss of sight to the extent that even when tested with the use of visual aids vision is measured at 6/24 or worse in the better eye using Snellen eye chart, or visual field is reduced to 45 degrees or less of an arc, as measured by an ophthalmologist.

Third degree burns – covering 10% of the surface area of the body or 10% of the face or head

Burns that involve damage or destruction of the skin to its full depth through to the underlying tissue and covering at least 10% of the:

- body’s surface area, or
- face or head.

Terminal Illness Cover (TIC) - for all plans except Whole of Life Protection Plan and Income Protection plans

Terminal Illness Cover is designed to pay out a lump sum or a monthly benefit (depending on the product chosen) if the person covered is diagnosed as terminally ill. Any claim for Terminal Illness Cover won't pay out if the person covered dies. Once the claim has been paid out, the policy will end and no further claims can be made. Terminal Illness Cover is not available after the death of the person covered.

Once a payment under TIC has been paid, if they survive we will not seek a return of payment.

For decreasing life insurance the amount payable will be the amount of cover we calculate on the date that it is established that the person covered has met our definition of terminal illness.

For joint life cover TIC will only pay out once for the first to be diagnosed with a terminal illness.

Definition

Terminal illness is defined as a definite diagnosis by the person covered's hospital consultant of an illness that satisfies both of the following:

- the illness either has no known cure or has progressed to the point where it cannot be cured, and
- in the opinion of the person covered's hospital consultant and our medical officer, the illness is expected to lead to death within 12 months.

Income Protection plans

Income protection plans are designed to provide a regular monthly benefit if the person covered can't work due to incapacity caused by illness or injury resulting in loss of earnings during the length of the policy. These products automatically include Waiver of Premium which means that the premiums would be waived for the duration of a valid claim. While a claim is being assessed it is important that the premiums are paid when they are due.

Your client can't take out income protection unless they have been registered with a doctor in the United Kingdom for at least the last two years.

Maximum monthly benefit payable:

Income Protection Benefit, Low Start Income Protection and Rental Income Protection Benefit plans

The maximum monthly benefit is based on earnings immediately before becoming incapacitated. We can cover 60% of gross annual income up to and including £60,000 and 50% of gross annual income over £60,000.

Executive Income Protection

The maximum monthly benefit is based on earnings immediately before becoming incapacitated. We can cover up to 80% of combined earnings and dividends that the life insured, and their spouse or civil partner, may receive as a result of the life insured's contribution to the business which would cease in the event of their incapacity and inability to work.

Key Person Income Protection

The maximum monthly benefit is based on the reason for purchase and the situation immediately before becoming incapacitated. We can cover:

- up to 2.5 times the life insured's annual earnings to meet the cost of hiring a temporary replacement
- up to 75% of the business's gross profit which can be attributed to the contribution of the life insured
- the part of the repayments and related interest which relates to the contribution of the life insured if a business mortgage or loan.

What's not covered

- No monthly benefit or Hospitalisation Benefit (where included) will be paid for any incapacity arising from or being aggravated by any exclusion we have specified in the Policy Booklet.
- We won't consider a claim that arises solely from the normal effects of pregnancy.
- Products from our income protection range do not include unemployment cover, and therefore will not pay out if the person covered becomes unemployed.

The following risks will apply:

- the benefit we pay under products from our income protection range may affect the ability to claim benefits under other income protection policies
- the benefit we pay may affect the ability to claim some means tested state benefits. The entitlement to employment related non-means tested state benefits (such as contributory Employment and Support Allowance) shouldn’t be affected. However, state benefit rules may change
- if earnings do not support the chosen cover and/or continuing income is received, the benefit will be reduced at the time of claim, which means we may not pay the original monthly benefit chosen. If this happens, we won’t refund any difference in premiums.

Definition of incapacity

The definition that applies to the person covered will be shown in their Policy Booklet and will depend on their employment status and whether they’re paid for work. To claim the monthly benefit, they must be under appropriate medical treatment and not doing any other work. If they work more than 16 hours per week, and are paid for their work, their incapacity definition will be own occupation. This means if, due to illness or injury, they’re unable to work in their own occupation and not following any other occupation, we’ll consider them to be incapacitated.

For all Income Protection plans excluding Executive Income Protection and Key Person Income Protection

If they work less than 16 hours per week, are not in paid employment or are not working at the time of claim, we will consider them to be a houseperson. The incapacity definition will be Activities of Daily Living (ADL). This means if, due to illness or injury and in our opinion, they’re unable to carry out at least three of the following activities, we’ll consider them to be incapacitated.

Activities of Daily Living:

Walking – the ability to walk more than 200 metres on a level surface.

Climbing – the ability to climb up a flight of 12 stairs and down again, using the handrail if needed.

Lifting – the ability to pick up an object weighing 2kg at table height and hold for 60 seconds before replacing the object on the table.

Bending – the ability to bend or kneel to touch the floor and straighten up again.

Getting in and out of a car – the ability to get into a standard saloon car, and out again.

Writing – the manual dexterity to write legibly using a pen or pencil, or type using a desktop personal computer keyboard.

Foreign travel and residency

For all Income protection plans

We provide protection products for clients who live permanently in the UK, providing they have a UK bank account and a UK address (a ‘care of’ address will not be accepted).

The cover is applicable if:

- the person covered resides in or travels to any part of the countries that form part of the European Union, USA, Canada, Australia, New Zealand, the Isle of Man or the Channel Islands, or
- they reside or travel for up to 12 consecutive months in any other part of the world. However, the monthly benefit provided by this policy will not be payable for more than six calendar months for incapacity while they are outside the countries listed above.
- you are at least 18 years of age
- you are currently living in the UK and have spent at least 183 days in the UK in the last tax year.

For all other products

We provide protection products for clients who live permanently in the UK, providing they have a UK bank account and a UK address (a ‘care of’ address will not be accepted).

However, in certain circumstances we may be able to offer cover to those clients who are currently or are likely to be temporarily resident outside the UK. This includes those that are Crown Employees or in the Merchant Navy. This would be on an individual consideration basis.

The cover is applicable if:

- you are at least 18 years of age
- you are currently living in the UK and have spent at least 183 days in the UK in the last tax year.

Additional benefits

The following benefits are automatically included at no extra cost.

Free Life Cover (not available for income protection plans)

We will provide free life cover between exchange and completion (between conclusion of missives and date of entry in Scotland), provided the person covered is accepted on standard terms for one of our life insurance plans and we have everything we need to start their policy.

Once exchange of contracts has taken place the person covered has a legal responsibility to complete the purchase. If the person covered died before completion, the lender could withdraw the mortgage offer, meaning that the funds to purchase the property may not be available. Free life cover aims to protect from such a situation as there would still be an obligation to pay for the property.

The amount payable will be the amount of cover applied for, the amount of the mortgage or £300,000 whichever is lower.

The cover is provided for up to 90 days between exchange and completion (between conclusion of missives and date of entry in Scotland). The following conditions apply.

- The person covered is under 55 when the mortgage is taken out. For joint life policies, this applies to the oldest life insured.
- No other policies covering the same mortgage can be in force or applied for.
- We still need to know if any of the information given in the application changes before the completion date (or date of entry for Scotland).

Once a valid claim for free life cover has been paid, no further benefit will be payable.

In the event of a claim we'll only pay out once on either Accidental Death Benefit, free life cover, Immediate Cover or the policy itself.

For plans that include critical illness cover, this benefit will only be payable on death.

Accidental Death Benefit (ADB)

For all plans except income protection plans

If the person covered dies as the result of an accident whilst their application is being underwritten, the cover starts automatically once a completed application is electronically submitted or a paper application is received by us.

The benefit will be paid out if the person covered sustains bodily injury caused by accidental, violent, external and visible means which is the sole cause of death and if the death occurs within 90 days of such an accident.

The amount payable will be the amount of cover applied for up to a maximum of £300,000.

In the case of joint life applications, payment will only be on the first life.

The cover will last for 90 days or until we accept, postpone or decline the application or we are notified that the cover is no longer required, whichever is earliest.

We don't provide this benefit if we have been told that the application is to replace an existing policy with us while cover is still provided under the existing policy.

The benefit will not be paid out if death occurs from:

- suicide or intentional and serious self-injury or an event where, in our reasonable opinion, the person covered took their own life
- taking part or attempting to take part in a dangerous sport or pastime
- taking part or attempting to take part in any aerial flight other than as a fare paying passenger on a licensed airline
- committing, attempting or provoking an assault or criminal offence
- war (whether declared or not), riot or civil commotion
- taking alcohol or drugs (unless these drugs were prescribed by a registered doctor in the United Kingdom)
- accidents that have occurred prior to application.

In the event of a claim, we'll only pay out once on either Accidental Death Benefit, Free Life Cover, Immediate Cover or the policy itself.

Wellbeing Support

Wellbeing Support is provided by qualified nurses that are designed to give long-term practical advice and emotional support to those affected by a serious physical or mental health condition, disability, trauma, bereavement or caring for a relative be this a child, partner or parent.

These support services are available to the person covered and their family as soon as they take out their policy. Support is available for the following:

- heart attack
- cancer
- stroke
- disability
- mental illness
- trauma
- bereavement
- caring for another.

Access to the support services is gained by contacting Wellbeing Support on the dedicated telephone number. In the event of a claim, we will also ask if the claimant is happy for Wellbeing Support to have a dedicated nurse contact them about the support that can be offered to them at that time.

Wellbeing Support is offered in conjunction with RedArc Assured Limited (an independent nurse service) who will appoint a dedicated nurse with the most appropriate experience for each individual's personal circumstance.

A dedicated nurse will:

- be available to speak to the individual over the phone when they need it
- spend time understanding their needs
- provide practical and emotional support
- help with understanding health conditions, discuss options and navigation through the NHS
- when clinically appropriate, provide a course of therapy, counselling, practical help at home or some medical equipment
- continue to support them as long as they need it.

Support services available

- UK face-to-face second medical opinion offering a consultation from a UK private consultant.
- Serious Illness/Disability/Bereavement – treatments explained, advice on coping strategies and sourcing equipment.
- Mental Health/Trauma – supporting through depression, stress, anxiety, psychosis, trauma and more. The person covered can speak to a mental health personal nurse adviser and access a mental health microsite.
- Help for carers and those caring for the elderly.
- Help at Home – practical help for those leaving hospital and short-term help at home.

Care Concierge

Care Concierge is a confidential telephone advisory service that can help your client understand and find later life care. We have extensive knowledge in the care industry and are entirely impartial.

Whether your client has an immediate need for care, is doing some research or would just like an informal chat, they don't have to shoulder the burden alone. Access to the Care Concierge is gained by contacting the team on **0808 196 7817*** (Monday to Friday, 9am-5pm) or visit care.legalandgeneral.com/retail-protection

Our care team

When your client talks to one of our team, they'll be talking to somebody who fully understands the later life care journey and can help work out their next steps.

How we can help

There's a lot to consider when looking for care, and it's important that your clients get the support they need.

Whether they're not sure where to start, need help to understand what type of care is needed, or are worried about the cost of care, we can help.

- We'll provide the impartial guidance necessary to help them understand later life care options in the UK.
- Our team can help find care as quickly as possible.
- Care is often an unexpected and costly expense. We are here to make sure your clients understand the funding and benefit options that might be available to them or their loved one.

* All calls to this number are free. Please note, calls may be recorded and monitored. Your personal data will be treated in line with data protection legislation and our privacy policy which can be found at: legalandgeneral.com/privacy-policy

Accident Hospitalisation Benefit

Only for plans with Critical Illness Cover

We will pay £5,000 if the person covered is admitted to hospital with physical injuries for a minimum of 28 consecutive days immediately following an accident. Physical injury must have resulted solely and directly from unforeseen, external, violent and visible means and must be independent from any other cause.

We will only pay one claim in respect of each person covered. This benefit is not payable if a valid claim has been made for:

- a terminal illness
- a critical illness.

Children's Critical Illness Cover

For plans with Critical Illness Cover except Business Protection

We will pay this cover if a relevant child* is diagnosed with any of the following during the length of the policy:

- any critical illness that's listed in the section headed 'Critical Illness Cover' apart from Total and Permanent Disability,
- carcinoma in situ of the breast, treated by surgery, or
- low grade prostate cancer, requiring treatment.

The amount payable will be the lower of 50% of the original amount of cover or £25,000. Payment of the benefit will not affect the amount of cover for the person covered. For Family and Personal Income Plans, we'll pay 60 times the chosen monthly benefit up to a maximum of £25,000.

We will not pay a claim if:

- the child's condition was present at birth,
- the symptoms first arose before the child was covered,
- the child dies within 10 days of meeting our definition of critical illness, or
- it is for Total and Permanent Disability.

Only one claim will be paid per relevant child*, up to a maximum of two relevant children will be paid under this policy. After the second claim has been paid, the Children's Critical Illness Cover will end. If the same relevant child* is covered by more than one policy issued by us, we will pay a maximum of £50,000 for that relevant child*.

Child Accident Hospitalisation Benefit

We'll pay £5,000 if a relevant child* is admitted to hospital with physical injuries for a minimum of 28 consecutive days, immediately following an accident. Physical injury must have resulted solely and directly from unforeseen, external, violent and visible means and independent from any other cause.

Only one claim can be made for each relevant child*, to a maximum of two relevant children. If the same relevant child* is covered by more than one policy issued by us, we will pay a maximum of £10,000 for that relevant child*.

Child Funeral Benefit

On the death of a relevant child*, we will contribute £5,000 towards their funeral.

Up to a maximum of two claims per policy. We will not pay the claim if:

- the relevant child's* condition was present at birth
- the cause of death first arose before the relevant child* was covered
- we have paid a children's critical illness claim for the relevant child*.

Childcare Benefit

If we have paid a claim for Critical Illness Cover under the policy and the person covered has a natural, legally adopted child, child under legal guardianship or stepchild under five years old, we'll pay up to £1,000 towards childcare with a registered childminder. This benefit covers childcare that takes place in the 18 months following diagnosis of the person covered.

Family Accommodation Benefit

For every night a relevant child* spends in hospital, in the three months immediately following diagnosis of one of the critical illnesses covered, we will pay £100 per night up to a maximum of £1,000.

*Relevant child definition

A natural child, legally adopted child, child under legal guardianship or stepchild of the person covered, who is at least 30 days old and younger than 22 years old.

Changing your policy (previously Guaranteed Insurability option)

This option allows your client to increase their life cover on certain life events, without providing further medical evidence. This option may not be available if we apply a premium increase to the cover as a result of the information given in the application. The policy documents will explain the option if it is available to your client.

If this option is used, a new policy will be issued for the additional amount requested. The policy will be issued with new terms and conditions, the original policy will also continue. The new policy end date can't be later than one year after the original policy end date or their 65th birthday, whichever is earlier. The person covered will not be able to increase their cover on the new policy without medical evidence.

Product	Event	Limits	What is covered?	What is not covered?
<p>All mortgage, rental and family Protection (excluding all income protection plans and WOLPP)</p>	<p>This option must be used within six months of the event:</p> <ul style="list-style-type: none"> marriage or entry into a registered civil partnership, or divorce or dissolving a registered civil partnership, or becoming a parent through birth, adoption or legal guardianship of a child, or mortgage increase due to a house move or undertaking major home improvements salary increase due to a new job or promotion. <p>If Rental Life Insurance</p> <p>This option must be used within six months of the event:</p> <ul style="list-style-type: none"> marriage or entry into a registered civil partnership, or divorce or dissolving a registered civil partnership, or becoming a parent through birth, adoption or legal guardianship of a child, or a rent increase imposed by the landlord or due to moving into a new rental property salary increase due to a new job or promotion. 	<p>The lower of:</p> <ul style="list-style-type: none"> 100% of the original amount of cover, or £200,000, or the amount of the increase in the mortgage, or the percentage increase in earnings. <p>The maximum amount for all increases is £200,000.</p> <p>If FPIP or Rental Life Insurance</p> <p>The lower of:</p> <ul style="list-style-type: none"> 100% of the original amount of cover, or £1,400 per month, or the amount of the increase in the life insured's rent, or the percentage increase in the life insureds monthly earnings. <p>The maximum amount for all increases is £1,400 per month.</p>	<ul style="list-style-type: none"> The original policy must be started before the 55th birthday of the person covered (for a joint policy this applies to the oldest life insured). Other changes to the policy

We've designed our plans so that clients can make changes to certain aspects of their policy.

We may ask your client to fill in a short form, the 'Protection Plan Amendment Form' (W13044), or the 'Income Protection Plans Amendment Form' (W13387) for IPB.

If your client is able to answer 'No' to all questions asked, we can proceed with making the change, so long as they meet all other eligibility criteria. If they answer 'Yes' to any of the questions asked or don't meet the eligibility criteria, they will have to go through the full underwriting process.

We will confirm if the change your client has requested means the existing policy needs to be cancelled and a new policy issued, which may have different terms and conditions.

Any changes that they make may affect the premiums that are payable. Premiums will need to be recalculated based on the type of change your client requests, your client's age at the start of their policy, their age now and any other contributing factors. We can then provide a quotation for your client.

For all policies except all Income Protection plans, Relevant Life Plans and Whole of Life Protection Plan

These are the eligibility criteria that apply if a client wants to make changes to their policy. For joint life plans, where there is a maximum age for making a change, this applies to the oldest life insured. Changes to the policy can only be made subject to meeting the following criteria:

- The original policy must have been taken out before the 55th birthday of the person covered.
- The person(s) covered will need to be aged less than 55 to be able to make this change to their policy.
- This option may not be available if we apply a premium increase as a result of the information provided as part of the original application.

For all plans that include CIC:

- No changes will be allowed if the person covered is being investigated regarding, or has been diagnosed with, or if they are making a claim for any critical illness, terminal illness or waiver of premium.
- There must be more than two years remaining on the original policy.

There are also specific eligibility criteria that may apply dependent on the type of change being made. These are detailed in the table below.

Type of change	Amendment form needed?	Specific eligibility criteria	Limits
Remove a life	No	Written confirmation from both parties. Cannot be exercised if the original policy is written under trust.	N/A
Reduce amount of cover	No	N/A	N/A
Reduce the length of the plan	No	N/A	N/A
Increase amount of cover	Yes	For policies to be eligible, they must have been taken out after 23 May 2010.	Increase is subject to a maximum of 100% of the original amount of cover or £200,000 – whichever is lower. There is an overall maximum limit for all increases of £200,000.

continues

Type of change	Amendment form needed?	Specific eligibility criteria	Limits
Increase the length of the plan – due to re-mortgaging	Yes	<p>This can only be done within the first five years of the cover start date.</p> <p>The original length of the policy must be at least 15 years.</p> <p>The increase needs to be done within six months of the re-mortgage.</p> <p>Proof of the re-mortgage is required.</p>	<p>The length of the policy can be increased up to a maximum of five years or to your client's 65th birthday, whichever occurs first.</p> <p>Not available on Rental Protection</p>
Increase the length of the plan – not due to re-mortgaging	Yes	<p>This can only be done within the first six months of the cover start date.</p>	<p>The length of the policy can be increased up to a maximum of 10 years or to your client's 65th birthday, whichever occurs first.</p>
Joint life policy separation	Yes	<p>Evidence to support your request in the form of:</p> <ul style="list-style-type: none"> • a decree absolute if your client gets divorced, or a final order for the dissolution of your client's registered civil partnership, or proof of ownership of the relevant mortgage. Can only be done within six months of the event being finalised. <p>For all policies excluding Rental Protection Can be exercised in the event of:</p> <ul style="list-style-type: none"> - divorce, or dissolution of your client's registered civil partnership, or - where your client has a joint mortgage and either party: <ul style="list-style-type: none"> - takes over a joint mortgage in one name, or - takes out a new mortgage in one name. <p>For Rental Protection Can be exercised in the event of:</p> <ul style="list-style-type: none"> - divorce, or dissolution of your client's registered civil partnership, or - where your client takes out different rental agreement in one name. 	<p>Original amount of cover up to a maximum of £1 million.</p>
Change the frequency of premiums between annually and monthly	No	N/A	N/A

For all Income Protection plans

Changes to the policy can only be made subject to meeting the following criteria:

- The original policy must have been taken out before the 55th birthday of the person covered.
- The person covered will need to be aged less than 55 to be able to make this change to the policy.
- This option may not be available if we apply a premium increase as a result of the information provided as part of the original application.

There are also specific eligibility criteria that may apply dependent on the type of change being made. These are detailed in the table below.

Type of change	Amendment Form needed?	Specific eligibility criteria	Limits
Increase the monthly benefit	No	For all increases, the monthly benefit may only be increased on each occasion by up to 100% of the original monthly benefit as shown in the Policy Booklet, subject to a maximum of £833.33 per month.	<p>Executive Income Protection plans</p> <p>The monthly benefit payable in any one year will be limited to 80% of earnings and dividends that your client and their spouse / civil partner receive in any one year and which will cease in the event of the life insured’s incapacity and inability to work.</p> <p>Key Person Income Protection</p> <p>The monthly benefit payable in any one year will be limited to up to 2.5 times the earnings of the key employee if cover is required to fund a temporary replacement, up to 75% of the gross profit attributable to the key employee, or the amount of the business mortgage or loan that relates to the contribution of the key employee.</p> <p>All other income protection plans</p> <p>The monthly benefit payable in any one year will be limited to 60% of your client’s employed earnings up to, and including, £60,000 plus 50% of your client’s employed earnings over £60,000.</p> <p>If your client is self-employed for 12 months or less, we will limit the total monthly benefit to 35% of yearly earnings at the point of incapacity.</p>
Decrease the monthly benefit	No	N/A	N/A
Increase the length of the policy	Yes	Any increase in expiry age must be exercised after the first 12 months of the start of the policy and prior to the last five years of the policy expiry.	The increase cannot be higher than the maximum expiry age of 70*. This change cannot be made in the first 12 months or last 5 years of the policy.
Decrease the length of the policy	No	N/A	The decrease cannot be reduced below the minimum expiry age of 50.
Increase the deferred period	No	N/A	Available deferred periods are 4, 8, 13, 26 and 52 weeks.
Decrease the deferred period	Yes	Any decrease in deferred period must be exercised after the first 12 months of the start of the policy, and prior to the last five years of the policy expiry.	Available deferred periods are 4, 8, 13, 26 and 52 weeks. This change cannot be made in the first 12 months or last 5 years of the policy.

* For some occupations the maximum expiry age allowed is 50 or 65.

All Relevant Life Plans

Changes to the policy can only be made subject to meeting the following criteria:

- The original policy must have been taken out before the 55th birthday of the person covered.
- The person covered will need to be aged less than 55 to be able to make a change to the policy.
- This option may not be available if we apply a premium increase as a result of the information provided as part of the original application.
- There must be more than two years remaining on the original policy.

There are also specific eligibility criteria that may apply dependent on the type of change being made. These are detailed in the table below.

Type of change	Amendment Form needed?	Specific eligibility criteria	Limits
Increase the amount of cover	Yes	N/A	Increase is subject to a maximum of 100% of the original amount of cover or £200,000 – whichever is lower. There is an overall maximum limit for all increases of £200,000.
Decrease the amount of cover	No	N/A	N/A
Extend the period of cover	Yes	Can only be done within the first six months of the cover start date.	The length of the policy can be increased up to a maximum of 10 years or the 65th birthday of the person covered, whichever occurs first.
Decrease the period of cover	No	N/A	N/A
Change the frequency of premiums between annually and monthly	Yes	N/A	N/A

Whole of Life Protection Plans

Type of change	Amendment Form needed?	Specific eligibility criteria	Limits
Decrease the sum assured	No	Available on policies underwritten on standard, rated and excluded terms as the original decision will be transferred to the new policy. For policies to be eligible they must have been taken out after 23 May 2010. The original policy must have been taken out before the 50th birthday of the person covered. The person covered will need to be aged less than 55 to be able to make a change to their policy.	This option can be exercised once per policy and does not apply if the case is subject to claim.
Change the frequency of the premiums between annually and monthly	No	N/A	N/A

If the policy is changed

Commission where premiums have increased

If a change means premiums have increased, there will be an increase in commission. In most cases, this will involve cancelling and re-issuing the contracts. There will be a commission claw back if the case being cancelled is in the initial commission period. This initial commission will always be paid back to the original agent, although it may involve a manual adjustment and so may not be shown on the same statement as the claw back. Renewal commission will also increase and will commence at the end of the initial commission period of the new policy, which may be different from the original initial commission period.

On any new policy that is set up, initial commission will only be paid on any increase in premium. Therefore, it may also be necessary to claim back part of the initial commission paid on the newly set up policy to avoid a duplication of initial commission paid by Legal & General.

For an increase in the amount of cover, additional commission is paid in the normal way.

Commission where premiums have decreased

Where making a change to a policy means that premiums have decreased, there will be a decrease in commission. In most cases, this will involve cancelling and re-issuing the contracts. There will be a commission claw back if the case being cancelled is in the initial commission period. The correct reduced amount of initial commission will always be paid back to the original agent, although it may involve a manual adjustment and so may not be shown on the same statement as the claw back. Renewal commission will also decrease and will commence at the end of the initial commission period of the new policy, which may be different from the original initial commission period.

Commission where a change is not made via the originating agent

Where commission increases, the originating agent will maintain the original initial commission. Making a policy change may mean we have to claw back commission but this will always be repaid to the originating agent*. The new agent will receive initial commission for the increase amount only and then all renewal commission.

*Payback of initial commission will be highlighted on commission statements with the client’s surname prefixed with ‘flx’.go to, without unnecessary delays.

Continuation cover

For Relevant Life Plans only

If the employee leaves their employment they have two options.

Option 1 – They can take their policy with them and pay the premiums themselves.

Option 2 – The new employer can apply to continue with the policy without the need for further medical evidence.

For Executive Income Protection plans only

If the employee leaves their employment the new employer can apply to continue with the policy without the need for further medical evidence. This option must be used within 90 days of leaving their employment otherwise the cover will end.

Hospitalisation benefit

For Income Protection Benefit and Rental Income Protection Benefit plans only

This benefit is due if the person covered has to stay in hospital for more than seven consecutive nights.

We'll pay 1/30th of the monthly benefit for each night, from the 8th consecutive day spent in hospital.

This is only payable during the deferred period and is limited to £150 per night.

This benefit will continue until the earliest of:

- the person covered leaves hospital, or
- the end of the deferred period is reached, or
- after 13 weeks of stay in hospital, or
- the fixed end date of the policy, or
- the person covered dies.

If Stepped Benefit has been selected then the hospitalisation benefit will be based on the first deferred period and the first level of benefit.

Proportionate benefit

For all income protection plans only

If following a claim, the person covered returns to work or takes up a different occupation on reduced earnings, as a direct result of the incapacity being claimed for, an appropriately reduced monthly benefit will be payable. This benefit will be equivalent to the reduction in earnings when compared to the earnings in the 12 months before incapacity. If the Low Cost Option is chosen (limited benefit period for Executive Income Protection and Key Person Income Protection), Proportionate Benefit will only be payable if the most recent claim did not reach the maximum benefit payment period and will only be paid for the remainder of that period.

Deferred periods

For all income protection plans only

There is an initial period when the person covered is unable to work when we do not pay benefit. They can choose either a 4, 8, 13, 26 or 52 week deferred period. Benefit payments will start one month after the deferred period and are paid monthly in arrears.

NHS dentists, doctors, midwives, nurses and surgeons (For Income Protection Benefit and Rental Income Protection Benefit plans only)

If the client is employed by the NHS in the UK and are registered with the General Dentist Council (GDC) or General Medical Council (GMC) or you are a nurse or midwife directly employed by the NHS in the UK and registered with the Nursing & Midwifery Council (NMC). We can provide special terms for these individuals in order to match their sick pay structure should they come to claim within their first five years' employment with the NHS.

The plan should be set up on a stepped benefit basis with a 26 and 52 week deferred period split, this matches their sick pay structure after five completed years' of service.

Should the client need to make a claim before completing five years' service, we will match their situation at the time and start paying the monthly benefit when their NHS sick pay reduces or stops.

This option:

- should only be used to cover earnings through the NHS for that specific employment,
- will not cover any additional earnings received from a private medical practice, and
- can only be provided if the policy was set up with a stepped benefit of 26 and 52 weeks.

Restrictions and limits relating to the maximum allowable benefit still apply.

Linked claims

For all income protection plans only

If on returning to work the person covered becomes incapacitated within 12 months from the same or a related cause, payment of the monthly benefit will resume immediately, providing no other restrictions apply. If the Low Cost Option is chosen (limited benefit period for Executive Income Protection and Key Person Income Protection) linked claim will only be possible if the most recent claim did not reach the maximum benefit payment period.

Income guarantee

For all income protection plans excluding Executive Income Protection and Key Person Income Protection

The monthly benefit at claim is calculated based on earnings immediately before incapacity, not earnings at the start of the policy. This could mean that if earnings go down, the client may not receive what they asked for. The Income Guarantee is in place to ensure the monthly benefit we pay, plus any continuing income received whilst incapacitated, provides the client with the chosen monthly benefit as stated in their Policy Booklet.

We will base the Income Guarantee on the lower of £1,500 per month or the chosen monthly benefit at the start of the policy, even if earnings at the time of claim do not support this level of monthly benefit. If the client is an NHS dentist, doctor, midwife, nurse or surgeon we will base the Income Guarantee on the lower of £3,000 per month or their chosen monthly benefit at the start of the policy even if their earnings at the time of claim do not support this level of monthly benefit.

If the client is a houseperson at the time of incapacity, they will not qualify for the Income Guarantee.

Other sources of continuing income received whilst incapacitated, will be deducted from the monthly benefit stated in the Policy Booklet, or the maximum monthly benefit at the time of claim, whichever is greater.

If the chosen monthly benefit was more than £1,500 per month and the maximum monthly benefit at claim is less than £1,500 per month, or the client is an NHS dentist, doctor, midwife, nurse or surgeon and the chosen monthly benefit is more than £3,000 per month and the maximum monthly benefit at claim is less than £3,000 per month, any continuing income will be deducted from the Income Guarantee.

As continuing income reduces, or comes to an end, the monthly benefit payable during the claim will increase up to but not exceeding the Income Guarantee, including any increases already made due to an Increasing Income Protection product.

Please note that the enhanced Income Guarantee figure of £3,000 is not available to Low Start Income Protection customers.

Continuous cover

For all income protection plans excluding Executive Income Protection and Key Person Income Protection

If the client becomes unemployed or is on a career break at the time of incapacity, then they will be entitled to receive the lower of the monthly benefit or £1,666.67 per month. The definition of incapacity will be Activities of Daily Living (ADL). This means the client must be unable to carry out at least three of the activities as listed on page 22. If they return to employment, the definition of incapacity will return to the definition shown in the Policy Booklet.

If the client is on statutory maternity, paternity or adoption leave and becomes incapacitated, then they will be entitled to receive the monthly benefit provided they were in employment immediately before taking this statutory maternity, paternity or adoption leave. The definition of incapacity used will be own occupation as stated in the Policy Booklet.

Rehabilitation Support Service

For all income protection plans only

This service is available at no extra cost, offers qualifying claimants access to a specialist rehabilitation team who will build a structured return-to-work programme.

Following an initial assessment, the client will be provided with the appropriate early intervention treatments, as well as support and guidance from our dedicated team of healthcare professionals, including trained nurses, physiotherapists and occupational therapists. The team will provide specialist advice and support, to facilitate the return to work.

In the event that the recommended treatment doesn't get the client back to work within the deferred period, they will start to receive their monthly benefit – payments as normal.

Optional benefits

Children's Critical Illness Extra

For plans with Critical Illness Cover except Business Protection

Optional benefit available if Critical Illness Cover is chosen at the start of the policy, and it will be an additional cost. This benefit will replace the cover in the section headed 'Children's Critical Illness Cover'.

We will pay this cover if a relevant child* is diagnosed with any of the following during the period of cover:

- any critical illness that's listed in the section headed 'critical illnesses covered', apart from Total and Permanent Disability
- any critical illness that's listed in the section headed 'critical illnesses covered under Critical Illness Extra'
- any critical illness that's listed in the section headed 'additional cover for Critical Illness Extra'.

The amount payable will be the lower of 60 times the chosen monthly benefit, or £40,000. Or 50% of the amount of cover (original amount of cover if decreasing cover is chosen).

Claims paid under Children's Critical Illness Extra will not reduce the amount of cover or change the premium for the person covered.

The relevant child* is covered from birth and must be diagnosed on or before the policy expiry date and survive for 10 days from the date of diagnosis. We will pay a claim if the relevant child* survives these 10 days, even if this is:

- after the policy expiry date, or
- after the relevant child's* 23rd birthday.

Only one claim per relevant child* will be paid under the policy. There is no limit to the number of relevant children that can be covered by the policy. If the same relevant child* is covered by more than one policy issued by us, we will pay a maximum of £80,000 for that relevant child*.

This benefit can be removed at any time during the period of cover. We will contact the client to let them know about the change in their premium and cover. Once removed, this benefit cannot be added back to the client's policy.

We will not pay a claim if:

- the symptoms first arose before the relevant child* was covered
- the relevant child* dies within 10 days of meeting our definition of the critical illness
- it is for Terminal Illness Cover
- it is for Total and Permanent Disability
- either parent was advised by a medical professional before the policy start date that the relevant child* already had, or had an increased risk of developing, the critical illness being claimed for. This includes advice or pre-natal test or screening which were received before the child was born.

Additional benefits included in Children's Critical Illness Extra

Child Accident Hospitalisation Benefit

We'll pay £5,000 if the relevant child* is admitted to hospital with physical injuries for a minimum of 28 consecutive days immediately following an accident. Physical injury must have resulted solely and directly from unforeseen, external, violent and visible means and must be independent from any other cause.

We will only pay this benefit if the accident doesn't result in us paying out under Children's Critical Illness Extra as described in the section headed 'Children's Critical Illness Extra'.

We will only pay one claim per relevant child* under the policy. If the same relevant child* is covered by more than one policy issued by us, we will pay a maximum of £10,000 for that relevant child* under this benefit.

Child Funeral Benefit

On the death of a relevant child*, we will contribute £10,000 towards their funeral.

We will not pay the claim if:

- the cause of death first arose before the relevant child* was covered
- we have paid a children's critical illness claim for the relevant child*.

Childcare Benefit

If we have paid a claim under the policy due to the diagnosis of the life insured with:

- any critical illness as defined in the section headed 'critical illnesses covered', or
- carcinoma in situ of the breast – treated by surgery, or
- low grade prostate cancer – requiring treatment.

We will pay up to £1,000 towards childcare with a registered childminder if the person covered has a natural child, legally adopted child, child under legal guardianship or stepchild under five years old at the time of diagnosis.

We will only pay the childcare benefit when we have received receipts or proof of payment from the registered childminder. This benefit covers childcare that takes place in the 18 months following the life insured's diagnosis.

Family Accommodation Benefit

For every night a relevant child* spends in hospital, in the three months immediately following a diagnosis of one of the critical illnesses covered in the sections headed 'critical illnesses covered' and 'Children's Critical Illness Extra', we'll pay £100 per night up to a maximum of £3,000.

Children terminal illness

We'll pay this cover if the relevant child* is diagnosed by a hospital consultant with an advanced or rapidly progressing incurable condition with a life expectancy of less than 12 months during the period of cover and survives for more than 10 days following the date of diagnosis. The amount payable will be the lower of 60 times the chosen monthly benefit (for FPIP policies), or £40,000, or 50% of the amount of cover (original amount of cover if decreasing cover is chosen).

We will accept one claim per relevant child*. Once we have accepted a claim, that relevant child* will no longer be covered for any other benefits in the policy, except for the benefits in the section headed 'Additional Benefits for Children's Critical Illness Extra'.

Additional illnesses for Children's Critical Illness Extra

If the relevant child* is diagnosed with any of the following conditions by a hospital consultant during the period of cover, we will pay the lower of £40,000 or 50% of the amount of cover.

Cerebral palsy

A definite diagnosis of cerebral palsy by a hospital consultant resulting in permanent neurological deficit with persisting clinical symptoms.

Child's intensive care benefit – requiring mechanical ventilation for 7 days

Sickness or injury resulting in continuous mechanical ventilation by means of tracheal intubation for seven consecutive days (24 hours per day) or more in an intensive care unit in a UK hospital.

For the above definition, the following are not covered:

- sickness or injury resulting in mechanical ventilation secondary to alcohol or drug intake
- premature birth (before 37 weeks).

Cystic fibrosis

A definite diagnosis of cystic fibrosis by a hospital consultant.

Craniosynostosis – treated by surgery

The undergoing of surgery on the advice of a hospital consultant to treat craniosynostosis.

Down's syndrome

A definite diagnosis of Down's syndrome by a hospital consultant.

Hydrocephalus – treated with invasive surgery to the brain tissue

The undergoing of invasive surgery to brain tissue in order to treat hydrocephalus.

Muscular dystrophy

A definite diagnosis of muscular dystrophy by a hospital consultant.

Spina bifida meningocele and myelomeningocele

A definite diagnosis of spina bifida meningocele or myelomeningocele by a hospital consultant.

For the above definition, the following is not covered:

- spina bifida occulta.

***Relevant child definition**

A natural child, legally adopted child, child under legal guardianship or stepchild of the person covered, who is younger than 22 years old.

Immediate Cover

For all plans except Whole of Life Protection Plan, income protection plans, Relevant Life Plans, Rental Protection plans and Family and Personal Income Plans

Immediate Cover is available for clients who require cover urgently. We will assume risk for a client before they have been fully underwritten, whilst the necessary evidence is being obtained.

Immediate Cover is provided for up to 60 days provided a completed Direct Debit mandate and an Immediate Cover Request Form are supplied.

The amount payable will be the amount of cover applied for, with an overall maximum £3,000,000 for Life Cover, £1,500,000 for policies that include Critical Illness Cover. Whichever is the lower.

The benefit will not pay out if death or Total or Permanent Disability occurs from:

- intentionally taking own life, or
- self-inflicted injury, or
- hazardous activities, or
- whilst they are outside the UK.

Acceptance of Immediate Cover is not automatic or guaranteed and the cover may be refused at the underwriting stage.

In the event of a claim, we'll only pay out on one of the following: Accidental Death Benefit, Free Life Cover, Immediate Cover on the policy applied for, not on all three.

Waiver of Premium (WOP)

For all plans except all income protection plans and Relevant Life Plans

The person covered won't have to pay premiums after 26 weeks if they are incapacitated due to illness or injury and are unable to do their normal job. This option must be selected at the start of the policy and before the 64th birthday of the person covered. They must be accepted without an additional premium or exclusion added.

We must be notified within sixteen weeks of the start of the incapacity.

Premiums will be waived until one of the following happens:

- the person covered no longer fulfils the definition of incapacity
- the policy pays out the amount of cover
- the policy reaches the end of its term
- the life assured reaches the age of 70, (only on a Whole of Life Protection Plan).

The person covered may be required to have a medical examination by an appropriate medical specialist appointed by us regardless of the incapacity definition applied at claim.

Incapacity

For a valid claim of Waiver of Premium:

- the person covered must be unable to carry out their normal occupation
- if they're not in paid employment, then they must be unable to perform three or more of the Specified Work Tasks listed below. However, for Whole of Life Protection Plans they will be assessed against the Functional Assessment Tests (FATs) listed below.

Specified work tasks

- **Walking** – the ability to walk more than 200 metres on a level surface.
- **Climbing** – the ability to climb up a flight of 12 stairs and down again, using the handrail if needed.
- **Lifting** – the ability to pick up an object weighing 2kg at table height and hold for 60 seconds before replacing the object on the table.
- **Bending** – the ability to bend or kneel to touch the floor and straighten up again.
- **Getting in and out of a car** – the ability to get into a standard saloon car, and out again.
- **Writing** – the manual dexterity to write legibly using a pen or pencil, or type using a desktop personal computer keyboard.

Functional Assessment Tests (FATs)

For Whole of Life Protection Plan only

- **Walking** – the ability to walk a distance of 200 metres on flat ground with or without the aid of a walking stick and without stopping or experiencing discomfort.
- **Bending** – the ability to get into or out of a standard saloon car and the ability to bend or kneel to pick up an object from the floor and straighten up again.
- **Communicating** – the ability to answer a telephone and to take a message.
- **Reading** – having the required eye sight (corrected if necessary) to be able to read a daily newspaper.
- **Writing** – having the physical ability to write legibly using a pen or pencil without aid.
- **Climbing** – having the ability to climb up a flight of 12 stairs without stopping or suffering severe discomfort.

Residency requirement

For all plans except Income Protection plans and Relevant Life plans.

A person is covered for Waiver of Premium if they:

- a) reside or travel within the UK,
- b) reside or travel within the European Union, or
- c) travel outside of the UK or European Union for no more than three consecutive months in any 12 months.

If they travel outside the UK or the European Union for more than three consecutive months in any 12 months, we will act reasonably when assessing whether the person covered meets the definition of incapacity.

Exclusions

For Whole of Life Protection Plan only

We won't pay premiums if the event of incapacity arises from or is aggravated by:

- intentional self-inflicted injury or attempted suicide.
- alcohol abuse or the taking of drugs other than under the direction of a registered medical practitioner.
- either directly or indirectly from any war, whether declared or not.
- any special provisions as specified in the policy document.

Increasing Cover Option

For Whole of Life Protection Plans only

Increasing Cover protects the policy against inflation. Every year, we'll give the person covered the option to increase the amount they are insured for, in line with any changes in the Retail Prices Index (RPI) without the need for further medical evidence. If this option is chosen, the premium will also increase.

The amount of cover will increase each year up to a maximum of 10%. The premium will increase each year up to a maximum of 20%. If changes to RPI are 1% or less, then both the premium and amount of cover will stay the same until the next review. The premium will increase at a different rate to the amount of cover because it is indexed in line with the change in RPI, multiplied by 2, which takes into account the fact that the likelihood of claiming increases as the older the person covered gets.

If the person covered decides not to increase the amount they are insured for, we won't offer this option again and the premium and cover will stay the same for the remaining length of the policy.

Increasing Cover option doesn't apply if the person covered has an additional premium added at the start of their policy.

Total and Permanent Disability

Only for plans with Critical Illness Cover

Depending upon the policy purchased and the occupation of the person covered, we use different definitions to describe a condition when the person covered is totally unable to do their own job, or carry out a number of physical tests and, in the opinion of a medical officer, will remain so permanently. Please see the Occupational Class Guide for full details on which definition applies. The different definitions are listed in the critical illness section. If the person is not in paid employment at the time of claim, the claim will be assessed under the Specified Work Tasks definition as described in the critical illness cover section.

Stepped Benefit

For all income protection plans excluding Executive Income Protection and Key Person Income Protection

When the policy is first taken out, the person covered has the option to choose from two different deferred periods linking to two different monthly benefits. The deferred period is the period of time from the start of incapacity when the person covered can't work and we don't pay any monthly benefit. The deferred period must pass before any monthly benefit can be paid.

For example, the person covered may receive sick pay from their employer. In this case, the person covered may wish to set the first deferred period with a lower level of benefit. They could then choose to increase the level of benefit at the second deferred period, the timing of which could coincide with the date that the employer's sick pay stops altogether.

The maximum benefit limit will apply to the higher level of benefit.

If Stepped Benefit has been selected, then the Low Cost Option is not available.

Low Cost Option

For all income protection plans only

When the policy is first taken out, the person covered may choose to select the Low Cost Option as a way to keep their premiums down. The maximum benefit payment period for any individual claim is 12 or 24 months chosen at the start of the policy.

If the person covered is a houseperson, after the monthly benefit has been paid for the maximum benefit payment period (this doesn't need to be consecutive) the policy will end.

If the Low Cost Option is selected then Stepped Benefit is not available. Where Executive Income Protection is selected we offer a choice of a 12 or 24 month limited benefit period, and where Key Person Income Protection is selected a 12 or 24 month limited benefit period must be chosen, which operates in the same way as the low cost option for the rest of our income protection plans.

Private Diagnostics

For all plans excluding Business Protection and Whole of Life Protection Plans.

Private Diagnostics is an annually renewable benefit and is insured by AXIS Specialty London (the insurer) with all claims processed by Trustedoctor. This can only be added if your client does not already have it on another Legal & General policy.

Private Diagnostics allows your client and their children access to UK specialists in order to speed up specialist consultations and diagnostic testing for cancer, cardiology, neurosurgery.

This benefit can be taken out for one or both lives insured if a joint life policy is chosen.

Primary virtual consultation

This benefit covers the cost of an online consultation with a UK specialist of their choice if they are referred by a General Practitioner (GP) or Physician to one of the following specialties:

- oncology
- cardiology
- neurosurgery.

To access this benefit, your client must provide written evidence from their GP or specialist / physician of the referral, either in the form of a letter or email detailing the reason for the referral.

This benefit includes a support service which will assist the life insured in choosing and arranging the virtual consultation with a specialist through the Trustedoctor customer portal.

This benefit covers any of your client's children that are aged from birth up to their 22nd birthday at the date of starting the virtual consultation process.

Diagnostic testing

Following the completion of the primary virtual consultation the specialist consultant may recommend that further diagnostic tests will be needed. These tests will be carried out in a UK private hospital or facility and will be sourced and arranged through the Trustedoctor customer portal.

How many virtual consultations can be booked?

The benefit offers a maximum of:

- a. 3 virtual consultations; or
 - b. 4 virtual consultations when a biopsy is recommended as a result of a prior virtual consultation;
- per policy year for each unique investigation that is the subject of the benefit request.

The purpose of a virtual consultation is for the specialist to interpret the results of any diagnostic tests available and recommend further diagnostic tests, if required, to progress in the investigation.

In addition to the virtual consultations described above, this benefit offers one last virtual consultation to discuss the results of all diagnosis tests previously requested and finalise the response to the request.

For the avoidance of doubt, all lines of investigation that refer to the suspicion of one underlying medical condition will be considered as a single unique investigation

What's not covered?

- The cost of any virtual consultation or diagnostic test that has not been arranged and authorised through the Trustedoctor portal.
- The cost of any expenses for accommodation, travel or taking time off work to attend the virtual consultation or the completion of the approved diagnostic tests.
- Any primary virtual consultation where a GP or Physician has referred the life insured or a child to a neurosurgeon, cardiologist or cancer specialist where symptoms began before the policy start date.
- The cost of any diagnostic test that has not been recommended by a UK specialist as a result of a primary virtual consultation.
- Diagnostic tests for children if before the policy start date:
 - their symptoms existed, or
 - the illness or condition had occurred, or
 - either parent received counselling or medical advice in relation of the condition or have been aware of the increased risk of the condition before the policy start date or before the legal adoption of the child.
- The insurer will provide cover for illness which is accidentally caused by or arises out of a cyber incident. However, they will not provide any cover under any circumstances for illness arising directly or indirectly from a cyber act.

Fracture Cover

For all plans excluding Business Protection and Whole of Life Protection Plans.

Fracture Cover is an annually renewable benefit and is insured by AXIS Specialty London (the insurer) with all claims processed by Trustedoctor. This can only be added if your client does not already have it on another Legal & General policy.

This benefit can be taken out for one or both lives insured if a joint life policy is chosen.

We will cover your client if they fracture a bone, dislocate a joint, rupture a tendon or tear a ligament as listed in the table below. A payment will only be made if the injury happens more than seven days after the policy start date.

You can make a claim for multiple injuries as a result of the same event, however the policy will pay only the injury with the highest payment amount. There is no limit to the number of claims for separate events you can make during the term of the policy. The maximum amount paid out for each person covered in any policy year is £4,000.

The insurer will pay the amount specified for each fracture, dislocation, tendon rupture or ligament tear shown below:

	Type of injury
Payment per injury	Fracture The specified fractures are covered unless the fracture is classified as avulsion, fatigue, stress, hairline, chip or microfracture.
£750	Breast bone: Sternum Foot: Metatarsals, Cuneiform, Cuboid, Navicular, Calcaneus excluding all digits (phalanges) Hand: Metacarpal excluding digits (phalanges) Shoulder blade: Scapula
£1,000	Collar bone: Clavicle Facial and jaw bones: Zygomatic, Mandible, Maxila, Nasal, Lacrimal, Palatine, Vomer, Inferior nasal concha Ribs
£1,500	Lower arm: Radius, Ulna Wrist: Distal radius, Distal ulna, Carpal bones
£2,000	Lower leg/ankle: Tibia, Fibula, Talus Spine: Vertebra, Cervical, Thoracic, Lumbar, Sacrum, Coccyx excluding injury to the spinal discs Upper arm: Humerus
£2,500	Knee: Patella Pelvis: Ilium excluding ramus
£3,000	Upper leg/hip: Femur
£4,000	Skull: Cranium only excluding facial bones and jaw bone
Payment per injury	Dislocation All joints are covered for dislocation except fingers, thumbs and toes (phalanges). This is defined as the displacement of bone from its normal position at the joint requiring either regional, local, spinal or general anesthesia (not including sedation).
£1,500	Shoulder
£2,000	Elbow Jaw Middle ear bones: Ossicular chain disruption Wrist
£2,500	Ankle: Talus Knee: Joint, Patella Spine: Vertebra, Cervical, Thoracic, Lumbar, Sacrum, Coccyx excluding injury to the spinal discs
£3,000	Hip
Payment per injury	Achilles tendon rupture This covers the complete transection of the Achilles tendon.
£2,000	Achilles tendon
Payment per injury	Knee ligament tear This covers the complete tear of a cruciate knee ligament. Tears to collateral knee ligaments are not covered.
£2,000	Knee: Anterior cruciate ligament (ACL), Posterior cruciate ligament (PCL)

What's not covered?

A claim will not be paid:

- if the fracture is classified as fatigue, hairline, stress, avulsion, chip, or microfracture
- if the injury occurs in the presence of osteoporosis or pseudarthrosis
- if the injury is self-inflicted
- if the injury occurs as a result of a cosmetic surgical procedure
- if the injury occurs while taking part in any of the following:
 - extreme sports including, but not limited to, mountain boarding, parkour, cliff jumping, coasteering or base jumping
 - Gaelic football, hurling or shinty
 - football
 - horse riding
 - martial arts, boxing or cage fighting
 - motor car or motorcycle sport
 - mountaineering, rock climbing, abseiling, caving or potholing
 - off road mountain biking or BMX
 - private flying, gliding, paragliding or parachuting
 - rugby
 - skiing or snowboarding
- if the life insured is living abroad and does not get a diagnosis in one of the countries we accept (UK, countries that form part of the European Union, Channel Islands, Isle of Man, Australia, Canada, New Zealand, or the USA). If a report from one of the countries on the list is submitted in a language other than English, a translation must also be provided.
- if the injury occurred before you took out the benefit (pre-existing condition)
- for any injury that occurred within the first seven days of taking out a policy.
- for any bodily injury arising directly or indirectly from a cyber act under any circumstances. However, cover will be provided for bodily injury which is accidentally caused by or arises out of a cyber incident.

Trustedoctor portal

To make a claim the life insured will need to register for the Trustedoctor portal. The life insured will have received an email from Trustedoctor, or they can use the following link www.trustedoctor.com/landg-private-diagnostics, which will provide the life insured with instructions on how to activate their account to get access to their personal dashboard. Once the life insured has activated their account they can access their personal dashboard at any time.

The life insured can claim at any time within the policy term. All claims are managed by Trustedoctor.

Types of business protection

Key Person Protection

Key Person Protection is designed to protect a business against the financial loss it may suffer as a result of the death, terminal illness or critical illness (if chosen) of a key person. The business may choose to cover the key person for either life or critical illness cover.

The company, LLP or Scottish partnership applies for a policy on the life of the key person. In these cases, the business will be the owner of the policy.

However, a partnership in England, Wales and Northern Ireland cannot be the owner of a policy because it does not have a separate legal identity. If the key person is one of the partners, that partner could take out a single life plan and write it in trust at outset for the other partners.

If the key person were to leave or retire before the end of the policy, then the business has the following options to:

- stop paying the premiums and the policy would end
- continue paying the premiums until the end of the policy and in event of a claim, the business would receive a lump sum
- transfer the policy to the key person who then would become the legal owner of the policy and could continue paying the premiums to continue their cover.

For Partnerships, Key Person Protection should be placed within a trust.

For full information on Key Person Protection and the key taxation effects, please see the Key Person Protection Technical Guide.

Business Loan Protection

Business Loan Protection is designed to help protect a business against the financial impact it may suffer as a result of the death, terminal illness or critical illness (if chosen) of a key person which could result in the business being unable to repay a loan.

The amount of cover must be regularly reviewed to ensure that it is sufficient to cover the business loan. Business Loan Protection has a different tax treatment to Key Person Protection which is used to protect a loss of profits. Please see the Key Person Technical Guide for further information.

Share Protection

A Share Protection arrangement enables the remaining owners of a business to purchase the deceased owner's share of the business. In addition, it ensures that the deceased owner's estate has a willing buyer. This means that the remaining business owners keep control of their business, avoiding being part owned by someone else with no real interest in the business. In order for the arrangement to be implemented, each owner must effect and maintain a Life or Critical Illness Cover policy which is written in trust from the outset for the other owners. An agreement, typically a cross option agreement, provides the basis for the Share Protection and details how the purchase can be made.

A cross option agreement is essentially two agreements which are set up to protect the business owners in the event of death of one of the owners:

1. The remaining owners have the option to buy the shares from the deceased owner's estate and the deceased owner's estate is obliged to sell them. The remaining owners must use their option to buy the share of the business within three months of the date of death.
2. The deceased owner's estate has the option to sell the shares to the remaining owners and the remaining owners are obliged to purchase them. The estate must use the option to sell the share of the business within six months of the date of death.

Critical illness (if chosen) and terminal illness can also be included as part of an arrangement. This would be a single option agreement where the terminally/critically ill owner has the option to sell their shares to the remaining co-owners who would be obliged to buy them. There is not an option for the other owners to buy the share of the business from the terminally/critically ill owner. A single option agreement leaves the terminally/critically ill owner in control, with the option to sell, but with no corresponding option to buy given to his/her co-owners. The option is only available for six months following the payment of a valid claim.

Under their agreement, each owner must have their own Life Insurance or Life Insurance with Critical Illness Cover policy to provide the required amount of money to purchase their share of the business. This must be written in trust at the start and the beneficiaries of the trust would be the co-owners. The policy will then pay out on death, terminal illness or critical illness (if chosen) ensuring that the remaining business owners have the funds to purchase the share of the business. We offer trusts for Partnerships, Limited Liability Partnerships and Companies.

The amount to be paid for the share of the business needs to be calculated and the amount of cover should be matched to this amount. Our cross option agreement template has been drafted to enable the shareholders to set a value of the business which will apply for three years from the start of the agreement. After three years, a fair value would be payable, as determined by an independent auditor or professional valuer. It is important that the amount of cover on each policy is regularly reviewed to ensure that it is sufficient to cover the cost of purchasing the relevant share of the business.

Please note that it is important that each business consults their own legal advisers and amends our cross option agreement template accordingly with their own business requirements.

For full information on Share Protection and the key taxation effects, please see the Share Protection Technical Guide.

Additional Cover for Executive Income Protection

Executive Income Protection is arranged by the employer to insure the cost of providing on going sick pay. In the event of a valid claim, the employer passes the benefit that we pay on to the life insured through PAYE.

In paying benefits in this way, the employer will also incur additional costs such as employer National Insurance Contributions and any contributions that they are contractually obliged to pay into a work place pension for the employee.

The Executive Income Protection plan offers additional cover for an additional cost at outset, to address either or both of these costs. Additional cover of up to £42,500 per year for employer National Insurance contributions (the actual amount is based on the employee's earnings) and up to £40,000 per year for employer pension contributions can be added to the policy. Please see the Policy Booklet for further information.

Ownership and trusts

Single Life

Your client can take out a policy on their own life only. This is called a single life policy.

Life of Another

Your client can take out a policy on the life of someone else. This is called life of another.

Joint Life Cover

Your client can take out cover for two people under one policy. This is called joint life cover.

For joint life cover the policy will pay out in the event of death, terminal illness or critical illness (if chosen) when the first person covered has a valid claim before the end of the policy. For Joint Life Cover on our Whole of Life Protection Plan you can choose whether this will be when the first person (Joint Life First Death) or after both the first and second person (Joint Life Second Death) die and the policy will end.

Benefit	Impact on Joint Life Cover
Free Life Cover	To qualify for Free Life Cover the eldest must be under 55 years old.
Accidental Death Benefit	For Accidental Death Benefit we will only pay one claim per policy.
Accident Hospitalisation Benefit (CIC ONLY)	Will only pay one claim in respect of each person covered.
Increasing the Cover	Where there is a maximum age for qualifying this applies to the eldest.
Making changes to the Plan	Where there is a maximum age for qualifying this applies to the eldest.
Definition of Disability for Total and Permanent Disability (CIC ONLY)	<p>Only one definition of disability will apply to both lives.</p> <p>Scenario 1: If one applicant is occupation class 1 or 2 and the other applicant is a Houseperson, the definition applied will be 'own occupation'. If the person claiming is not in paid employment then the Specified Work Tasks definition will apply.</p> <p>Scenario 2: If one applicant is occupation class 1 or 2 and the other applicant is class 3 or 4, the definition applied when the policy is taken out and at claim will be the Specified Work Tasks definition.</p>
Additional cover (CIC ONLY) Additional cover for Critical Illness Extra	<p>We will only pay one claim per policy.</p> <p>Only one claim can be made for each definition. Once we've accepted a claim, the life insured will no longer be covered for that condition. If a joint life policy is chosen, both lives insured will be able to claim for each definition.</p>

Joint Life policy separation for all plans excluding Rental Protection plans.

If your clients have joint life cover and they:

- divorce, or
- dissolve their registered civil partnership, or
- either of them:
 - takes over an existing mortgage in one name, or
 - takes out a new mortgage in one name,

they may be able to separate their cover. We will cancel this policy and start a new Single Life policy for each person covered.

For Rental Protection plans

If your clients have joint life cover and they:

- divorce, or
- dissolve their registered civil partnership, or
- where either of them:
 - takes out a different rental agreement in one name,

They may be able to separate their cover. We will cancel this policy and start a new Single Life policy for each person covered.

They must request to separate their joint life policy within six months of the event being finalised.

For all plans with Critical Illness Cover

Joint life policy separation is not available if either of the people covered has had a valid claim for either of the following benefits:

- Carcinoma in situ of the breast – treated by surgery
- Low grade prostate cancer – requiring treatment

Replacement cover

If one of the persons covered makes a valid claim under full cover they can request to continue cover for the other person covered as a new single life policy.

They must request this option within six months of a valid claim being paid under full cover.

For all plans with Critical Illness Cover

Replacement cover is not available if the person covered requesting replacement cover has had a valid claim for either of the following benefits:

- carcinoma in situ of the breast – treated by surgery
- low grade prostate cancer – requiring treatment.

Trusts for Mortgage and Family Protection Plans

Why use a trust?

Placing a policy in trust is one way of helping make sure that the policy proceeds are given to those that the policy owner wishes them to go to, without unnecessary delays.

- **Control of funds** – a trust allows the policy proceeds to be given away for the benefit of others (the beneficiaries). This is done without giving the beneficiaries full control or access to the proceeds.
- **Inheritance Tax** – it should help to ensure that any money paid out from the policy would not be part of the estate of the person covered, helping to minimise the Inheritance Tax liability.
- **Quicker payout** – it should help to ensure that the money paid out from the policy can be paid to the right people quickly, without the need for lengthy legal processes.

Who's involved in a trust?

The settlor – the person giving away their life policy is called the settlor for a discretionary trust and the donor for an absolute trust. They choose the trustees and the beneficiaries.

The beneficiaries – the people who can receive payment from the trust fund are called the beneficiaries.

The trustees – the trustees take legal ownership of the trust fund from the settlor. They then look after the trust fund, and, following a claim on the policy will make arrangements for the payments to be made to the beneficiaries.

Discretionary Trust

This trust offers most flexibility as the trustees can appoint from a wide range of beneficiaries. The trustees have discretion about which of the beneficiaries will receive any benefits, how much they will receive and when they will receive it. This can ensure that children receive some financial support from the money, but do not have full access to it. The settlor can give the trustees guidance on how they would like the trust fund to be used via a Letter of Wishes.

Absolute Trust

The beneficiaries are chosen at the start and are absolutely entitled to the trust fund and can't be changed in the future. This ensures that the people chosen as beneficiaries at the start by the donor will receive any policy proceeds.

Survivor's Discretionary Trust

This is a special trust which is only suitable for use with joint life first death policies. The trustees can pay the policy proceeds to the surviving settlor if he or she survives the first to die by 30 days. However, should both people covered die within 30 days of each other, the policy proceeds will be part of a discretionary trust, and payable to the beneficiaries of the trust.

Please note: It is a good idea to put the policy in trust at outset. However, a Legal & General Mortgage and Family Protection policy can be placed in trust at any time.

We also still offer a Flexible Trust.

For Business Protection and Relevant Life Plans

We offer the following Trusts for Business Protection:

- LLP Share Protection Trust
- Partnership Share Protection Trust
- Director's Share Protection Trust

Our Relevant Life Plans must be placed in a trust.

- Relevant Life Plan Trust

For Partnerships, Key Person Protection should also be placed within a trust.

Please see the relevant technical guides for more information.

Premiums/payments

Premiums

The minimum premium will depend on the terms of the individual policy. For example, we offer reduced rates to non-smokers. We class a smoker as someone who has smoked cigarettes, cigars, a pipe (including shisha/hookah), used vapes, e-cigarettes, or nicotine replacements during the last 12 months.

There is no maximum premium.

For some products the person covered can choose guaranteed or reviewable premiums.

Guaranteed premiums

The premiums are guaranteed to stay the same throughout the length of the plan, unless:

- the person covered converts their plan (Conversion option – no longer offered)
- the person covered chooses to alter their plan or uses the Changing Your Policy option
- an Increasing policy.

If a Low Start Income Protection plan is chosen, premiums will increase each year that the policy is held. Premiums are calculated using guaranteed premium rates. Premiums applicable over the term of the plan will be set out an initial illustration, however, actual premiums will differ where an increasing policy is selected reflecting the change in cover.

Reviewable premiums

We will assess any change to the premiums fairly every five years. We review premiums every five years. The factors we look at are:

- number, timing and cost of claims we have paid
- number, timing and cost of claims we expect to pay in the future
- insurance industry claims experience
- expected impact of future medical advances, and
- changes to applicable laws, regulations or tax treatment.

The state of health or individual circumstances won't be a factor at review.

If, after a premium review we recalculate the premium to within 5%, we won't make any changes. However, any change in premium not taken into account at the review will be taken into account at future reviews.

Payment of premiums

Premiums may be paid either monthly or annually by Direct Debit. income protection plans can only be paid monthly.

Premiums not paid

If the policy owner or the premium payer stops paying premiums or the policy owner cancels the policy, they will be given 60 days, after which the policy and cover will end. If they pay monthly they will not receive any money back. If they pay annually, they may be entitled to a return of premiums depending on how many months cover has already been provided for.

Charges

The premium payments are shown in the Key Features Illustration/Personal Quote and include all the costs of administration, underwriting, claims and selling expenses, commission and the fees payable for any medical examinations that we ask the person covered to attend.

Second Medical Opinion service

The Second Medical Opinion is an optional service which provides access to a database of consultant specialists throughout the UK, allowing a face-to-face consultation with a supporting report which is sent to the person covered and their GP. An alternative diagnosis may be used by the person covered to support a claim. This new diagnosis or information will not be used to reverse an accepted claim decision.

It is an independent Second Medical Opinion service available on policies taken out from 29 June 2015.

The service is provided and managed by Healix Health Services, a UK company employing over 90 fully qualified doctors and nurses. They manage and co-ordinate appointments, the transfer of medical records and billing on behalf of the person covered.

Legal & General will contribute up to £300 for the cost of the consultation (this varies by consultant with an average charge of £250). Any additional cost for the initial consultation, travel costs, or resulting treatment including medication are to be paid for by the person covered.

To use the Second Medical Opinion service for life or critical illness cover a claim must be made for the person(s) covered on a condition covered under their policy. The service can be used a maximum of once per single life plan and a maximum of once per person covered for joint life plans.

If Children's Critical Illness Cover is included in the policy, the service can be used once per child up to a maximum of two children per policy.

For all income protection plans the service can be used a maximum of twice per policy, if the person covered meets our definition of incapacity.

Full details on this service can be found in the Customer Flyer (W14015).
